

THE STS VERIFICATION PROCESS  
– THE STRUCTURED PATH TO  
YOUR SUCCESS.

## Introduction to SVI and STS Verification

STS Verification International GmbH ("SVI")

October 2022

## THE STS MARKET SEGMENT AND THE ROLE OF SVI

### Simple, Transparent & Standardised (“STS”) Securitisations

- As part of the European securitization framework, the STS regime has been established in 2019 as a first-class capital market segment with strict and uniform regulation
- The STS label offers access to the widest investor base possible
- Market standard for public securitization, widely used by private securitisations
- STS reduces the capital requirements for investors and originators (for retained senior tranches in synthetic transactions)

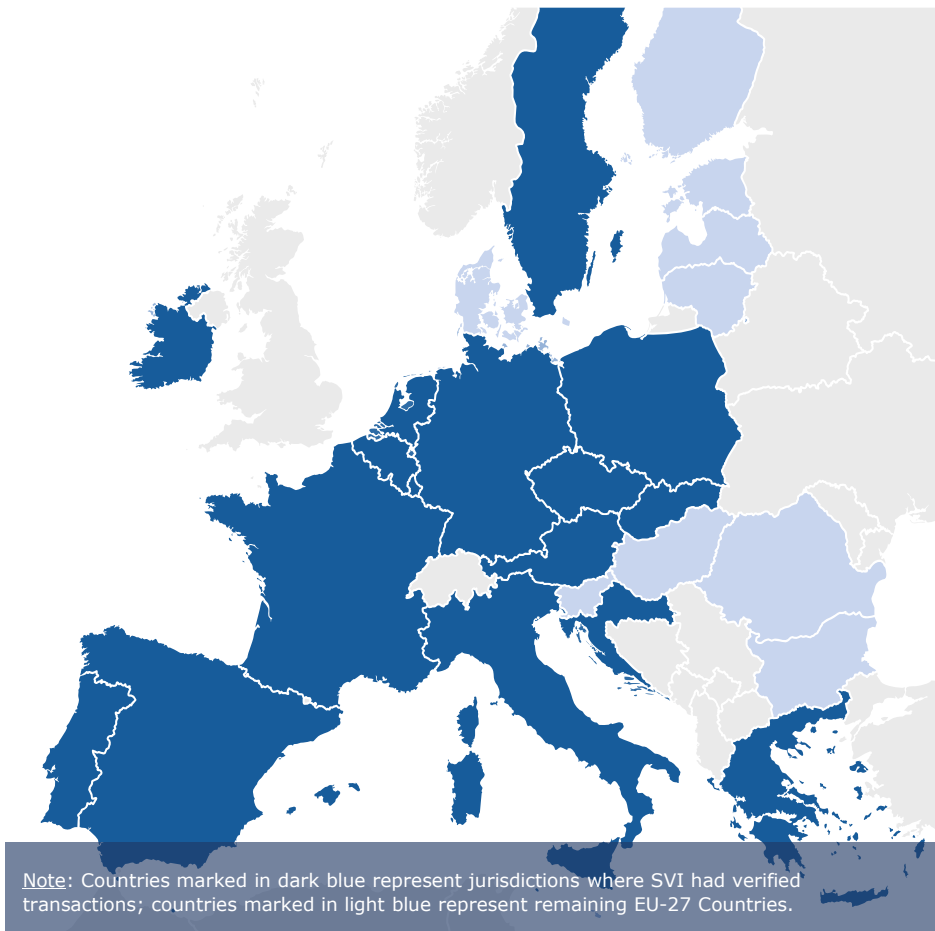

### The Role of the Third-Party Verifier (“TPV”)

- A Third-Party Verifier can be appointed by the originator, sponsor or SSPE to assess compliance of a securitisation with the STS criteria
- The TPV ensures appropriate interpretation and consistent application of the STS criteria (incl. RTS/ITS and guidelines) during the structuring phase, thereby reducing liability risk for the transaction parties
- The TPV acts as first point of contact for questions and coordinated approach to the competent supervisory authorities

## TOP 5 FACTS ABOUT SVI

- **Mission:** Established in 2018 as 100% subsidiary of True Sale International (“TSI”), the mission of SVI is to contribute to a well developed, high quality and sustainable securitisation market in Europe through the provision of neutral and objective verification of compliance of securitization transactions with the STS (“Simple, Transparent, Standardised”) criteria, acting as Third-Party Verifier pursuant to Art. 28 of the Securitisation Regulation
- **Authorization/Supervision:** SVI has been authorized and is supervised by the competent authority (BaFin) to act as Third-Party Verifier in all countries of the EU
- **Transaction Types & Asset Classes:** SVI covers the transaction types non-ABCP (=Term ABS), ABCP and synthetic on-balance-sheet securitisations involving all asset classes that are potentially eligible for STS and also provides certain (CRR/LCR/Article 270) assessments building upon STS
- **Ressources:** 5 SVI staff, 4 TSI staff (through an outsourcing agreement) and a panel of 4 external lawyers (focus on review of legal opinions) involved in the STS verification process for SVI, led by Michael Osswald (Managing Director)
- **Track Record:** More than 140 securitisations verified by SVI so far, healthy pipeline of verifications in progress
