Golden Ray S.A., an unregulated securitisation company (the "**Company**"), subject to the Luxembourg law on securitisation dated 22 March 2004, as amended from time to time, (the "**Luxembourg Securitisation Law**") acting with respect to its Compartment 3 (the "**Issuer**") will issue the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class G Notes, the Class X Notes and the Class R Notes (each such Class a "**Class of Notes**" and together, the "**Notes**") at the issue price indicated above on 27 July 2026 (the "**Closing Date**"). The Notes will be funding the securitisation transaction of the Issuer as further described below (the "**Transaction**").

The Luxembourg financial regulator (*Commission du Surveillance du Secteur Financier*, the "CSSF**") has neither reviewed nor approved information relating to the Class R Notes as these notes are not listed or admitted to trading on any stock exchange.**

Interest on the Notes will accrue on the outstanding principal amount of each Note at the relevant *per annum* rate indicated above and will be payable monthly in arrears on each Payment Date. Payments of interest and principal on the Notes are subject to available funds resulting, in particular, from the collections on a portfolio of residential solar instalment purchase receivables (including certain Ancillary Rights) originated under certain Solar Purchase Contracts and Heat Pump Purchase Contracts (the "**Purchased Receivables**"). Each such Purchased Receivable arises from either a Solar Purchase Contract or a Heat Pump Purchase Contract with a consumer within the meaning of Section 13 BGB or an entrepreneur within the meaning of Section 14 BGB located in the Federal Republic of Germany, under which Enpal B.V., Enpal Heat GmbH and EFS Deutschland GmbH (each a "**Seller**" and together the "**Sellers**") sells Solar Systems and Heat Pump Systems, as applicable, to such Customer. Seller 1 and Seller 3 also sold Channel Partner Receivables to the Issuer which arose from Purchase Contracts entered into by Channel Partners who sell Solar Systems and Heat Pump Systems to their Customers in Germany. Seller 1 and Seller 3 acquired such Channel Partner Receivables under the Fronting Cooperation Agreement from the Fronting Cooperation Partner.

This Prospectus has been approved by the Commission de Surveillance du Secteur Financier (the "**CSSF**") of Luxembourg in its capacity as competent authority under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation and the Luxembourg law dated 16 July 2019 on prospectuses for securities (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*) (the "**Luxembourg Prospectus Law**"). Such approval should not be considered as an endorsement of the quality of the Notes that are subject to this Prospectus or an endorsement of the Issuer that is subject to this Prospectus. Therefore, the investors should make their own assessment as to the suitability of investing in the Notes. In the context of such approval, the CSSF neither assumes any responsibility nor gives any undertaking as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer in line with Article 6(4) of the Luxembourg Prospectus Law. Application has been made to list the Offered Notes on the official list of the Luxembourg Stock Exchange and to be admitted to trading the Offered Notes on the regulated market of the Luxembourg Stock Exchange on 27 July 2026 (the "**Issue Date**"). The Luxembourg Stock Exchange's regulated market is a regulated market for the purpose of Directive 2014/65/EU. This Prospectus constitutes a prospectus for the purpose of Article 6(3) of the Prospectus Regulation and will be published in electronic form on the website of the Luxembourg Stock Exchange (www.luxse.com). The validity of this Prospectus will expire on 22 July 2027. After such date there is no obligation of the Issuer to issue supplements to this Prospectus in the event of significant new factors, material mistakes or material inaccuracies. This Prospectus is published on the website of Enpal B.V. (<https://www.enpal.de/goldenray3>).

Any website referred to in this Prospectus does not form part of this Prospectus and has not been scrutinised or approved by the CSSF, except for any website referred to in the section of this Prospectus headed "**DOCUMENTS INCORPORATED BY REFERENCE**".

The Notes will be direct, secured and limited recourse obligations solely of the Issuer and will not be the responsibility of, or be guaranteed by, any other entity.

EU PRIIPS Regulation / Prohibition of sales to EEA retail investors

The Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any EU retail investor in the European Economic Area ("**EEA**"). For these purposes, an "**EU retail investor**" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65 EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Article 2

of Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPS Regulation**") for offering or selling the Notes or otherwise making them available to EU retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any EU retail investor in the EEA may be unlawful under the EU PRIIPS Regulation.

UK PRIIPS Regulation / Prohibition of sales to UK retail investors

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client as defined in point (8) of Article 2 of Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 as amended by the European Union (Withdrawal Agreement) Act 2020 ("**EUWA**"); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the United Kingdom may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

MiFID II product governance / Professional investors and ECPs only target market

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / Professional investors and ECPs only target market

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook, and professional clients, as defined in Regulation (EU) no 600/2014 as it forms part of the domestic law of the UK by virtue of the EUWA (as amended, "**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

Neither the Issuer nor Enpal B.V., nor Enpal Heat GmbH, nor EFS Deutschland GmbH has undertaken any target market assessment or assumes responsibility for the results thereof.

Ratings will be assigned to the Class A Notes by Moody's, Scope and DBRS and to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes (together with the Class A Notes, the "**Rated Notes**") by Moody's and Scope. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union ("EU") and registered under Regulation (EC) No 1060/2009 of the European Parliament, as amended by Regulation (EU) No 513/2011 and by Regulation (EU) No 462/2013 ("**CRA3**"). Each of Moody's, Scope and DBRS has been registered in accordance with the CRA3 and is established in the European Union. Reference is made to the list of registered or certified credit rating agencies published by ESMA on the webpage <http://www.esma.europa.eu/supervision/credit-rating-agencies/risk> as last updated on 10 July 2024. Only the Class A Notes will be rated by DBRS and DBRS did not seek to assign a rating to any other Class of Notes.

In accordance with CRA3 as it forms part of domestic law of the United Kingdom by virtue of the EUWA and as amended by the Credit Rating Agencies (Amendment, etc) (EU Exit) Regulations 2019 (the "**UK CRA Regulation**"), the credit ratings assigned to the Rated Notes by Moody's, Scope and DBRS will be endorsed

by Moody's Investor Service Limited, Scope Ratings UK Ltd. and DBRS Ratings Limited, as applicable, being rating agencies which are registered with the Financial Conduct Authority. UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the UK and registered or certified under the UK CRA Regulation.

The assignment of ratings to the Rated Notes or an outlook on these ratings is not a recommendation to invest in any Rated Notes and such ratings may be revised, suspended or withdrawn at any time. Given the complexity of the Terms and Conditions, an investment in the Rated Notes is suitable only for experienced investors who understand and are in a position to evaluate the risks inherent therein.

Amounts payable under the Notes are calculated by reference to EURIBOR, which is provided by European Money Markets Institute, Brussels, Belgium (the "**Administrator**"). As at the date of this Prospectus, the Administrator appears on the register of administrators and benchmarks established and maintained by the ESMA pursuant to Article 36 of the Benchmark Regulation.

Securitisation Regulation

Whilst any of the Notes remain outstanding, Enpal B.V., in its capacity as original lender, will retain, for the life of the Transaction a material net economic interest of not less than 5 per cent. with respect to the Transaction in accordance with Article 6(3)(a) of the Securitisation Regulation and undertakes that it will not reduce, hedge or otherwise mitigate its credit exposure to the material net economic interest for the purposes of Article 6(1) of the Securitisation Regulation and Article 7 of Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023 on supplementing the Securitisation Regulation with regard to regulatory technical standards specifying in greater detail the risk retention requirements for originators, sponsors, original lenders and services, provided that the level of retention may reduce over time in compliance with Article 10 (2) of the Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023. As at the Closing Date, such interest will, in accordance with Article 6(3)(a) of the Securitisation Regulation and Article 6 of Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023, be comprised of a vertical slice through the holding of not less than 5% of the total nominal value of each class of principal backed Notes sold or transferred to investors. The Sellers in their capacity as servicers will service all of the retained exposures, the securitised exposures and comparable exposures held on its balance sheet in accordance with its customary practices in effect from time to time.

After the Issue Date, Enpal B.V., in its capacity as original lender, as designated reporting entity will prepare monthly reports wherein relevant information with regard to the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by Enpal B.V. for the purposes of which each of the Sellers will provide the Issuer with all information reasonably required in accordance with Article 7 of the Securitisation Regulation.

Each prospective investor is required to independently assess and determine the sufficiency of the information described in the preceding two paragraphs for the purposes of complying with Article 6 *et seq.* of the Securitisation Regulation. None of the Issuer, the Sellers, the Servicers, the Joint Lead Managers, the Arranger or any other Transaction Party makes any representation that the information described above is sufficient in all circumstances for such purposes. In addition, each prospective Noteholder should ensure that it complies with Article 5 of the Securitisation Regulation. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator and/or independent legal advice on the issue.

None of the Joint Lead Managers, the Arranger, their respective Affiliates nor any other person makes any representation, warranty or guarantee that the information provided by any party with respect to the transactions described in the Prospectus are compliant with the requirements of the Securitisation Regulation and no such person shall have any liability to any prospective investor or any other person with respect to the insufficiency of such information or any failure of the transactions contemplated by the Prospectus to satisfy or otherwise comply with the requirements of the Securitisation Regulation.

Pursuant to Article 27(1) of the Securitisation Regulation, the Sellers intend to notify the European Securities Markets Authority ("**ESMA**") that the Transaction will meet the requirements of Articles 20 to 22 of the Securitisation Regulation (the "**STS Notification**"). The purpose of the STS Notification is to set out how in the opinion of each Seller each requirement of Articles 19 to 22 of the Securitisation Regulation has been complied with. Where the Transaction is classified STS, the STS Notification would then be available for download on the website of ESMA. The STS Notification will be made in accordance with the requirements

of Commission Delegated Regulation (EU) 2020/1226. ESMA is obliged to maintain on its website a list of all securitisations which the originators and sponsors have notified as meeting the STS Requirements in accordance with Article 27(5) of the Securitisation Regulation. For this purpose, ESMA has set up a register under https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended from time to time (the "**Securities Act**"). Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to U.S. persons (within the meaning of Regulation S under the Securities Act).

The Notes sold on the Closing Date may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that whilst the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially similar to the definition of "U.S. person" in Regulation S, the definitions are not identical and persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules. Each Purchaser of Notes, including beneficial interests therein will be deemed, and in certain circumstances will be required, to represent and agree that it (1) is not a Risk Retention U.S. Person (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note to a U.S. person; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules. Each prospective investor will be required to make these representations (a) on or about the time of the announcement of the securitisation transaction involving the issuance of the Notes and (b) if such representations have not been previously made, as a condition to placing any offer to purchase the Notes. The Issuer, the Sellers, the Arranger and the Joint Lead Managers will rely on these representations, without further investigation.

The Notes may not be offered, or sold within the United States or to, or for the account or benefit of, U.S. Persons except (i) pursuant to an exemption from, or in a transaction not subject to the registration requirements of, the Securities Act and (ii) in accordance with an exemption from the U.S. Risk Retention Rules.

The issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules other than the exemption under Section __20 of the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, the Sellers, the Joint Lead Managers or the Arranger, or any of their affiliates or any other party to accomplish such compliance.

Green Bond Principles

The Notes are aligned with the Green Bond Principles as 'Secured Green Collateral Bond' as defined in the Green Bond Principles published by the International Capital Market Association in effect as at the date of this Prospectus. The Green Bond Principles are voluntary process guidelines that include four core components: (i) use of proceeds, (ii) process for project evaluation and selection, (iii) management of proceeds and (iv) reporting. The Green Bond Principles are further described below.

There can be no assurance that the Notes will at all times align with all relevant market standards relating to green-securities. Any of the component parts of the Green Bond Principles could change following the date of this Prospectus in ways which may render the Notes not aligned with the standard as so changed.

No assurance is given by the Issuer, the Sellers, the Arranger, and the Joint Lead Managers that an investment in the Notes will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which investors or their investments are required to comply in relation to so-called "green" or "sustainable" investments (including in relation to the EU Taxonomy Regulation and any related technical screening criteria, the EUGBS Regulation, the EU Sustainable Finance Disclosures Regulation). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what precise attributes are required for Notes to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time.

The Certifier has issued an independent opinion dated 25 September 2024 on compliance with the Green Bond Principles. The Opinion is only valid as long as the cited framework remains unchanged. The Opinion is not, nor should it be deemed to be, a recommendation by the Issuer, the Sellers, the Arranger, the Joint Lead Managers or the Certifier, to buy, sell or hold any such Notes, and prospective investors must determine for themselves the relevance of the Opinion and/or the information contained therein and/or the provider of the Opinion for the purpose of any investment in such Notes. The Opinion shall not be, nor shall either be deemed to be, incorporated in and/or form part of this Prospectus. Currently, the providers of such opinions, reports and certifications are not subject to any specific regulatory or other regime or oversight. Investors shall have no recourse against the Sellers, the Issuer, the Arranger, the Joint Lead Managers or any of their respective affiliates or the provider of any such opinion, report or certification for the contents of any such opinion, report or certification. The Opinion provides an opinion on certain environmental and related considerations and is not intended to address any credit, market or other aspects of an investment in the Notes, including without limitation market price, marketability, investor preference or suitability of any security. The Notes are not a "European green bond" or "EuGB" under the EUGBS Regulation and do not comply with the requirements set out therein. Neither a Seller nor the Issuer claims alignment with the minimum safeguards in Article 3 of the EU Taxonomy Regulation with respect to the Purchased Receivables.

The European Parliament is currently considering regulatory proposals published by the European Commission on 20 November 2025 for amendment of the EU Sustainable Finance Regulation ("**EU SFDR 2.0**"). These proposals are intended to streamline and reduce the complexity of EU legislation in relation to sustainability and sustainable finance and would represent a far-reaching simplification in the fields of sustainability reporting, corporate responsibility and taxonomy in the EU. If approved by the parliament and the counsel, the changes and clarifications proposed in EU SFDR 2.0 are expected to enter into force in June 2027 and start applying from December 2028. As proposed, EU SFDR 2.0 will explicitly confirm that the Issuer, as an "SSPE" under the EU Securitisation Regulation, will not qualify as a financial market participant and thus will not be with the scope of reporting regulations under EU Sustainable Finance Disclosure Regulation.

situation of the Issuer or the Sellers and Servicers which is material in the context of the issue and offering of the Notes or with respect to the Portfolio since the date of this Prospectus or, as the case may be, the date on which this Prospectus has been most recently amended or supplemented, or (iii) that any other information supplied in connection with the issue of the Notes is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. This does not affect the obligation of the Issuer to file a supplement in accordance with Article 23 of the Prospectus Regulation. Any such supplement will be published on the website of the Luxembourg Stock Exchange (www.luxse.com) and on the website of Enpal B.V. (<https://www.enpal.de/goldenray3>).

No action has been taken by the Issuer or the Joint Lead Managers other than as set out in this Prospectus that would permit a public offering of the Notes, or possession or distribution of this Prospectus or any other offering material in any country or jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus (nor any part hereof) nor any offering circular, prospectus, form of application, advertisement or other offering materials may be issued, distributed or published in any country or jurisdiction except in compliance with applicable laws, orders, rules and regulations, and the Joint Lead Managers has represented that all offers and sales by it (if and when performed) shall be made on such terms.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any securities other than the securities to which it relates or an offer to sell or the solicitation of an offer to buy any of the securities offered hereby in any circumstances in which such offer or solicitation is unlawful. The distribution of this Prospectus (or of any part thereof) and the offering and sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus (or any part thereof) comes are required by the Issuer and the Joint Lead Managers to inform themselves about and to observe any such restrictions. This Prospectus does not constitute, and may not be used for, or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

The Arranger and Joint Lead Managers have not prepared any financial statements or reports referred to in this Prospectus and have not separately conducted any due diligence on the Purchased Receivables for the purposes of the Transaction and there is no ongoing active involvement of the Arranger and Joint Lead Managers to monitor or notify any defect in relation to the circumstances of the Purchased Receivables.

Certain of the Arranger, the Joint Lead Managers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Arranger, the Joint Lead Managers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Arranger, the Joint Lead Managers, or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Arranger, Joint Lead Managers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Arranger, the Joint Lead Managers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

For a further description of certain restrictions on offerings and sales of the Notes and distribution of this Prospectus (or of any part thereof) see "**SUBSCRIPTION AND SALE**".

RISK FACTORS

THE PURCHASE OF THE NOTES MAY INVOLVE SUBSTANTIAL RISKS AND BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES ALL THE INFORMATION SET FORTH IN THIS PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW. PROSPECTIVE INVESTORS SHOULD MAKE SUCH INQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER, EITHER OF THE BOOKRUNNERS, THE JOINT LEAD MANAGERS, OR THE ARRANGER.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes.

The Issuer believes that the risks described herein are the principal risks inherent in the transaction for Noteholders. Although the Issuer believes that the various structural elements described in this document mitigate some of these risks for Noteholders, there can be no assurance that these measures will be sufficient to ensure payment to Noteholders of interest, principal or any other amounts on or in connection with the Notes on a timely basis or at all.

1. Risk factors which are specific and material to the Issuer

No Recourse to other Compartments and Non-Petition Clause

The Notes are limited recourse contractual obligations of the Issuer solely in respect of Compartment 3 within the meaning of the Luxembourg Securitisation Law. Pursuant to Article 62(2) of the Luxembourg Securitisation Law, where individual compartment assets are insufficient for the purpose of meeting the Issuer's obligations under a respective issuance, it is not possible for the noteholders in that compartment's issuance to obtain the satisfaction of the debt owed to them by the Issuer from assets belonging to another compartment. Hence, recourse of the Noteholders in respect of claims against the Issuer under or in relation to the Notes will be strictly limited to the net assets allocated to Compartment 3 (the "**Compartment 3 Assets**") and shall not extend to the remainder of the Issuer's estate. Furthermore, the other parties to the Transaction Documents are not liable for the obligations of the Issuer and no third party guarantees have been granted for the fulfilment of the Issuer's obligations under the Notes. Consequently, the noteholders have no rights of recourse against such third parties.

In this context, it is possible that any proceeds from the realisation by the Security Trustee of the security after the Enforcement Conditions have been fulfilled prove insufficient to enable the Issuer to meet all payments due in respect of the Notes, taking into account the Priority of Payments and the Noteholders will then have no further claim against the assets of any other compartment or any non-compartmental assets of the Issuer.

Consequently, in case of enforcement of the claims under the Notes, to the extent that the proceeds from the liquidation of the Compartment 3 Assets prove insufficient to make all payments due in respect of the Notes (the "**Shortfall**"), any claims arising against the Issuer due to such Shortfall shall be extinguished and neither the Noteholders nor any person on their behalf shall have the right to petition for the winding up of the Issuer to recover the Shortfall amount.

Finally, should the Issuer be declared bankrupt, the Luxembourg court will appoint a bankruptcy trustee ("*curateur*") who shall be the sole legal representative of Golden Ray S.A. and obliged to take such action as he deems to be in the best interests of Golden Ray S.A. and of all creditors of Golden Ray S.A. The conditions for opening bankruptcy proceedings are the cessation of payments ("*cessation des paiements*") and the loss of commercial creditworthiness ("*ébranlement du crédit commercial*"). Certain preferred creditors of Golden Ray S.A. (including the Luxembourg tax authorities) may have a privilege that ranks senior to the rights of the Noteholders in such circumstances. This may further reduce the available Compartment 3 Assets, therefore increasing the risk of the Issuer not being able to meet in full its payment obligations against the Noteholders under Luxembourg law.

As a result, the Noteholders may face the risk of not being able to receive any income in respect of their investment or, at worst, of being unable to recover their initial investment.

Furthermore, the enforcement of the payment obligations under the Notes shall solely be effected by the Security Trustee in accordance with the Security Trust Agreement.

Risk in respect of payments made and Security provided during the "suspect period"

Golden Ray S.A. is a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg, has its registered office in Luxembourg and is managed by its board of directors, professionally residing in Luxembourg. Accordingly, bankruptcy proceedings with respect to Golden Ray S.A. would likely proceed under, and be governed by, the bankruptcy laws of Luxembourg. Golden Ray S.A. can be declared bankrupt upon petition by a creditor of Golden Ray S.A. or at the request of Golden Ray S.A. in accordance with the relevant provisions of Luxembourg insolvency law. Under Luxembourg law, a company is bankrupt ("*en faillite*") when it is unable to meet its current liabilities and when its creditworthiness is impaired ("*ébranlement de crédit*"). The conditions for opening bankruptcy proceedings are, indicatively, the cessation of payments ("*cessation des paiements*") and the loss of commercial creditworthiness ("*ébranlement du crédit commercial*"). Other insolvency proceedings under Luxembourg law include moratorium of payments ("*sursis de paiement*") of the Issuer, administrative dissolution without liquidation ("*dissolution administrative sans liquidation*"), judicial proceedings ("*liquidation judiciaire*"), judicial reorganisation ("*réorganisation judiciaire*"), or any reorganisation pursuant to the Luxembourg law dated 7 August 2023 on business continuity and the modernisation of bankruptcy.

Under Luxembourg bankruptcy law, certain acts deemed to be abnormal if carried out by the bankrupt party during the so-called "suspect period" or ten days preceding the "suspect period" may be unenforceable against the bankruptcy estate of such party. Whilst the unenforceability is compulsory in certain cases, it is optional in other cases. The "suspect period" is the period that lapses between the date of cessation of payments ("*cessation des paiements*"), as determined by the bankruptcy court, and the date of the court order declaring the bankruptcy. The "suspect period" cannot exceed six months.

Under Article 445 of the Luxembourg Code of Commerce, (a) a contract for the transfer of movable or immovable property entered into or carried out without consideration, or a contract or transaction entered into or carried out with considerably insufficient consideration for the insolvent party; (b) a payment, whether in cash or by transfer, assignment, sale, set-off or otherwise for debts not yet due, or a payment other than in cash or bills of exchange for debts due or (c) a contractual or judiciary mortgage, pledge, or charge on the Customer's assets for previous debts, would each be unenforceable against the bankruptcy estate if carried out during the "suspect period" or ten days preceding the "suspect period".

Under Article 446 of the Luxembourg Code of Commerce, any payments or transfers made by the bankrupt debtors in the "suspect period" may be rescinded if the creditor was aware of the cessation of payment of the Customer.

Under Article 448 of the Luxembourg Code of Commerce, transactions entered into by the bankrupt debtors with the intent to deprive its creditors are null and void, regardless of the date on which they were made and can be challenged by a bankruptcy receiver without limitation of time.

The Issuer will seek to contract only with parties who agree not to make any application for the commencement of winding-up, liquidation or bankruptcy or similar proceedings against the Issuer. Legal proceedings initiated against the Issuer in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court. If the Issuer fails for any reason to meet its obligations or liabilities (that is, if the Issuer is unable to pay its debts and may obtain no further credit), a creditor, who has not (and cannot be deemed to have) accepted non petition and limited recourse provisions in respect of the Issuer, will be entitled to make an application for the commencement of bankruptcy proceedings against the Issuer. In that case, the commencement of such proceedings may, in certain conditions, entitle creditors to terminate contracts with the Issuer and claim damages for any loss suffered as a result of such early termination.

Furthermore, the commencement of such proceedings may – under certain conditions – entitle creditors (including the relevant counterparties) to terminate contracts with the Issuer and claim damages for any loss created by such early termination. The Issuer will seek to contract only with parties who agree not to make application for the commencement of winding-up, liquidation and bankruptcy or similar proceedings against the Issuer. Legal proceedings initiated against the Issuer in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

However, in the event that the Issuer were to become subject to a bankruptcy or similar proceeding, the Noteholders could face the risk of non-recovery of payments due under the Notes, the rights of such Noteholders could be uncertain and payments on the Notes may be limited and suspended or stopped.

In addition, in case of bankruptcy, the entry into any of the Transaction, the Transaction Documents and the entry into the Security Documents could also be held unenforceable and ineffective if effected during the "suspect period" or ten days preceding the "suspect period". In such a case, any payment of principal or interest in respect of the Notes could be unenforceable against the Issuer, in application of Article 445 or Article 446 of the Luxembourg Code of Commerce. However, according to Article 61(4) second paragraph of the Luxembourg Securitisation Law the validity and perfection of each of the security interests mentioned cannot be challenged by a bankruptcy receiver even if granted by the Issuer during the "suspect period" or ten days preceding the "suspect period", if (i) the articles of incorporation of the Issuer granting the security interests are governed by the Luxembourg Securitisation Law and (ii) the Issuer granted the respective security interest no later than the issue date of the securities or at the conclusion of the agreements secured by such security interest. In other words, security entered into in accordance with Article 61(4) second paragraph of the Luxembourg Securitisation Law and hence no later than the date of the issue of the Notes or the conclusion of the agreements secured by the Security Assets could not be challenged by a bankruptcy receiver even if granted by the Issuer during the "suspect period" or ten days preceding such "suspect period".

Violation of Issuer's articles of association

The Company's articles of association limit the scope of the Issuer's business. In particular, the Issuer undertakes not to engage in any business activity other than entering into securitisation transactions. However, under Luxembourg law, an action by the Issuer that violates its articles of association and the Transaction Documents would still be a valid obligation of the Issuer. Further, according to Luxembourg company law, a public limited company (*société anonyme*) shall be bound by any act of the board of directors, even if such act exceeds the corporate object, unless it proves that the third party knew that the act exceeded the corporate object or could not in view of the circumstances have been unaware of it without the mere publication of the articles of association constituting such evidence. Any activity which is to the detriment of the Noteholders may adversely affect payments to the Noteholders under the Notes

II. Risks related to the nature of the Notes

Liability and Limited Recourse under the Notes

All payment obligations of the Issuer under the Notes constitute limited recourse obligations to make payments under the Notes only out of the respective Available Distribution Amount which includes, *inter alia*, amounts received by the Issuer from the Purchased Receivables and under the Transaction Documents. The Available Distribution Amount may not be sufficient to pay amounts accrued under the Notes, which may result in a failure to pay interest, however, only a failure to pay interest on the most senior Class of Notes when the same becomes due and payable, and only if such default continues for a period of five (5) Business Days will lead to the fulfilment of the Enforcement Conditions. The Notes shall not give rise to any payment obligation in addition to the foregoing. The fulfilment of the Enforcement Conditions results in the Notes becoming immediately due and payable and the enforcement of the collateral held by the Security Trustee. If the Security Trustee enforces the claims under the Notes, such enforcement will be limited to the assets which were transferred to the Security Trustee for security purposes. To the extent that such assets, or the proceeds of the realisation thereof, prove ultimately insufficient to satisfy the claims of all respective Noteholders in full, then any shortfall arising shall be extinguished and neither any Noteholder, nor the Security Trustee shall have any further claims against the Issuer. Such assets and proceeds shall be deemed to be "ultimately insufficient" at such time when no further assets are available and no further proceeds can be realised therefrom to satisfy any outstanding claims of the Noteholders, and neither assets nor proceeds will be so available thereafter.

For the avoidance of doubt, the recourse of the Secured Creditors is limited to the assets of the Company allocated to its Compartment 3.

Subordination of Notes

To the extent set forth in the Pre-Enforcement Principal Priority of Payments, (i) the Class A Notes will rank *pari passu* between themselves but in priority to the Class B Notes, the Class C Notes, the Class D Notes,

the Class E Notes and the Class G Notes, (ii) the Class B Notes will rank *pari passu* amongst themselves but in priority to the Class C Notes, the Class D Notes, the Class E Notes and the Class G Notes, (iii) the Class C Notes will rank *pari passu* between themselves but in priority to the Class D Notes, the Class E Notes and the Class G Notes, (iv) the Class D Notes will rank *pari passu* amongst themselves but in priority the Class E Notes and the Class G Notes, (v) the Class E Notes will rank *pari passu* amongst themselves but in priority to the Class G Notes.

The Class X Notes and Class R Notes will not form part of the Pre-Enforcement Principal Priority of Payment rather than will be solely paid through the Pre-Enforcement Interest Priority of Payments.

To the extent set forth in the Post-Enforcement Priority of Payments, (i) the Class A will rank *pari passu* between themselves but in priority to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class G Notes, the Class X Notes and the Class R Notes, (ii) the Class B Notes will rank *pari passu* amongst themselves but in priority to the Class C Notes, the Class D Notes, the Class E Notes, the Class G Notes, the Class X Notes and the Class R Notes, (iii) the Class C Notes will rank *pari passu* between themselves but in priority to the Class D Notes, the Class E Notes, the Class G Notes, the Class X Notes and the Class R Notes, (iv) the Class D Notes will rank *pari passu* amongst themselves but in priority to the Class E Notes, the Class G Notes, the Class X Notes and the Class R Notes, (v) the Class E Notes will rank *pari passu* amongst themselves but in priority to the Class G Notes, the Class X Notes and the Class R Notes, (vi) the Class G Notes will rank *pari passu* amongst themselves but in priority to, the Class X Notes and the Class R Notes and (vii) the Class X Notes will rank *pari passu* amongst themselves but in priority to the Class R Notes.

The terms on which the Security Assets will be held will provide that, upon enforcement, certain payments will be made in priority to payments in respect of interest and principal (where appropriate) on the Notes. The payment of such amounts will reduce the amount available to the Issuer to make payments of interest and, as applicable, principal on the Notes. Upon acceleration of the Notes, all amounts owing to the Class A Noteholders will rank higher in priority to all amounts owing to the Class B Noteholders, all amounts owing to the Class B Noteholders will rank higher in priority to all amounts owing to the Class C Noteholders, all amounts owing to the Class C Noteholders will rank higher in priority to all amounts owing to the Class D Noteholders, all amounts owing to the Class D Noteholders will rank higher in priority to all amounts owing to the Class E Noteholders, all amounts owing to the Class E Noteholders will rank higher in priority to all amounts owing to the Class G Noteholders, all amounts owing to the Class G Noteholders will rank higher in priority to all amounts owing to the Class X Noteholders, and all amounts owing to the Class X Noteholders will rank higher in priority to all amounts owing to the Class R Noteholders.

No gross up of payments

The Notes will not provide for gross-up of payments in the event that the payments on the Notes become subject to withholding taxes, so that in case the Issuer would have to withhold payments due under the Notes for tax reasons, the Noteholders would receive reduced payments only.

Redemption of the Notes; Early Redemption for Default

Any Notes will be redeemed at the latest on the Legal Maturity Date, subject to the relevant Pre-Enforcement Available Distribution Amount or the Post-Enforcement Available Distribution Amount, as applicable and in accordance with the relevant Priority of Payments. No Noteholder of any Class of Notes will have any rights under the Notes after the Legal Maturity Date.

Immediately upon the earlier of (i) being informed in writing of the occurrence of an Issuer Event of Default or (ii) otherwise having actual knowledge of the occurrence of an Issuer Event of Default, the Security Trustee may serve an Enforcement Notice on the Issuer. In case of an early redemption of all Notes upon the service of an Enforcement Notice, the overall interest payments under the Notes may be lower than expected. This may adversely affect the yield on the then outstanding classes of Notes.

Early Redemption – Repurchase upon the occurrence of a Clean-Up Call Event or an Illegality and Tax Call Event or an Optional Redemption Date

Upon at least five (5) Business Days prior written request from the Majority Class R Note Purchasers or their nominee to the Issuer (with a copy to the Security Trustee), the Issuer shall sell all (but not only some) of the Purchased Receivables on the Payment Date following such request from the Majority Class R Note Purchasers (or, if the request is delivered to the Issuer less than five (5) Business Days prior to such Payment

Date, the next following Payment Date) to the Majority Class R Note Purchasers or their nominee at the Final Repurchase Price if an Illegality and Tax Call Event or a Clean-Up Call Event or an Optional Redemption Date (as applicable) has occurred provided that, (i) the Final Repurchase Price is at least sufficient to redeem the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class G Notes and the Class X Notes, in full in accordance with the applicable Priority of Payments and any accrued but unpaid interest thereon, and to pay all amounts due in respect of the items ranking senior or equal to the Class G Notes pursuant to the applicable Priority of Payments; and (ii) the Majority Class R Note Purchasers have agreed to reimburse the Issuer for any costs and expenses in respect of the purchase and assignment or transfer of the Purchased Receivables (including the Related Security.)

In such cases, the Issuer is not obliged to pay the Noteholders a premium or any other compensation for the redemption of the Notes prior to the Legal Maturity Date. In case of such early redemption of all Notes, the overall interest payments under the Notes may be lower than expected.

Security Trustee Claim

The Issuer will grant the Security Trustee Claim (*Treuhänderanspruch*) to the Security Trustee in accordance with the Security Trust Agreement. The Security Trustee Claim entitles the Security Trustee to demand from the Issuer to pay, whenever an Issuer Obligation that is payable by the Issuer to a Secured Creditor has become due (*fällig*), an equal amount to the Security Trustee. To secure such Security Trustee Claim the Issuer will, inter alia, grant a pledge (*Pfandrecht*) to the Security Trustee for the benefit of the Noteholders and the other Secured Creditors over Security Assets as specified in clause 14.1 (*Pledge*) of the Security Trust Agreement.

The Security Trustee Claim entitles the Security Trustee to demand, *inter alia*, that all present and future obligations of the Issuer under the Notes be fulfilled.

However, where an agreement provides that a security agent (e.g. the Security Trustee) holding assets on trust for other entities has an own separate and independent right to demand payment from the relevant grantor of security to it which mirrors the obligations of the relevant debtors to the secured creditors (e.g. the Security Trustee Claim), there is an argument that accessory security (such as the pledge granted by the Issuer to the Security Trustee in order to, amongst others, secure the Security Trustee Claim) created to secure such a parallel obligation is not enforceable for the benefit of such beneficiaries who are not a party to the relevant security agreement. This is because the parallel obligation could be seen as an instrument to avoid the accessory nature of, e.g. a pledge. This argument has – as far as the Issuer is aware – not yet been tested in court. Further, it is frequently seen in the market that accessory security such as a pledge is given to secure a parallel obligation such as the Security Trustee Claim. However, as there is no established case law confirming the validity of such pledge, the validity of such pledge is subject to some degree of legal uncertainty.

Change of Law

The structure of the issue of the Notes and this Transaction is based on German and Luxembourg law (including tax law), each as applicable, in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or changes to any relevant law, the interpretation thereof or administrative practice after the date of this Prospectus. Any change of law might have an adverse effect on the Issuer's ability to make interest and principal payments on the Notes.

Risks in connection with the application of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen* (*Schuldverschreibungsgesetz - SchVG*))

A Noteholder is subject to the risk to be outvoted and to lose rights towards the Issuer against his will in the case that the Noteholders agree pursuant to the Conditions to amendments of the Conditions by majority vote according to the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen* (*Schuldverschreibungsgesetz - SchVG*)). In the case of an appointment of a Noteholders' representative for all Noteholders a particular Noteholder may lose, in whole or in part, the possibility to enforce and claim his rights against the Issuer regardless of other Noteholders.

Modification of Conditions of the Notes

The Conditions of the Notes which are governed by German law may be modified through contractual agreement to be concluded between the Issuer and all Noteholders as provided for in section 4 of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG)*) or by a Noteholder's resolution adopted pursuant to sections 5 to 22 of aforementioned act.

Ratings of each Class of Notes

The Issuer has not requested a rating of any Class of Rated Notes by any rating agency other than the Rating Agencies. Rating organisations other than the Rating Agencies may seek to rate any Class of Notes and, if such "shadow ratings" or "unsolicited ratings" are lower than the comparable ratings assigned to such Class of Rated Notes by the Rating Agencies, such shadow or unsolicited ratings could have an adverse effect on the value of any Class of Notes.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating organisation. There is no assurance that the ratings will continue for any period of time or that they will not be lowered, reviewed, suspended or withdrawn by the Rating Agencies. In the event that the ratings initially assigned to any Class of Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement to the Notes.

Responsibility of Prospective Investors

The purchase of the Notes is only suitable for investors (i) that possess adequate knowledge and experience in structured finance investments and have the necessary background and resources to evaluate all relevant risks related with such investments; (ii) that are able to bear the risk of loss of their investment (up to a total loss of the investment) without having to prematurely liquidate the investment; and (iii) that are able to assess the tax and regulatory aspects and implications of such investment independently.

Furthermore, each potential investor should base its investment decision on its own and independent investigation and on the advice of its professional advisors (with whom the investor may deem it necessary to consult), be able to assess if an investment in the Notes (i) is in compliance with its financial requirements, its targets and situation (or if it is acquiring the Notes in a fiduciary capacity, those of the beneficiary); (ii) is in compliance with its principles for investments, guidelines for or restrictions on investments (regardless of whether it acquires the Notes for itself or as a trustee); and (iii) is an appropriate investment for itself (or for any beneficiary if acting as a trustee), notwithstanding the risks of such investment.

Interest Rate Risk / Risk of Interest Rate Hedge Provider Insolvency

During those periods in which the floating rates payable by the Interest Rate Hedge Provider under the Hedging Agreement are substantially higher than the fixed rates payable by the Issuer under the Hedging Agreement, the Issuer will be more dependent on receiving payments from such Interest Rate Hedge Provider in order to make interest payments on the Rated Notes. If the Interest Rate Hedge Provider fails to pay any amounts when due under the Hedging Agreement, the Collections from Purchased Receivables and the Liquidity Reserve may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Rated Notes.

During periods in which the floating rate of interest payable by the Interest Rate Hedge Provider under the Hedging Agreement is greater than the fixed rate of interest payable by the Issuer under the Hedging Agreement, the Issuer will be more dependent on receiving net payments from the Interest Rate Hedge Provider in order to make interest payments on the Rated Notes. Consequently, a default by the Interest Rate Hedge Provider on its obligations under the Hedging Agreement may lead to the Issuer not having sufficient funds to meet its obligations to pay interest on the Notes. Furthermore, although the notional amount of the Interest Rate Hedge tracks the aggregate outstanding principal balance of the Performing Receivables in the Portfolio, this is subject to upper and lower bands. Due to these bands there is a risk that an underhedging can occur to the extent that the aggregate outstanding principal balance of the Performing Receivables in the Portfolio exceeds the upper band, or that an overhedging can occur to the extent that the aggregate outstanding principal balance of the Performing Receivables in the Portfolio is lower than the lower band and,

therefore, in these instances the Issuer might not have sufficient funds to meet its obligations to pay interest on the Rated Notes.

The Interest Rate Hedge Provider may become insolvent or may suffer from a rating downgrade, in which case it would need to post collateral and, in certain circumstances, would need to replace itself or obtain a guarantee in respect of its obligations under the Hedging Agreement. The Hedging Agreement may also be terminated by either party if an event of default or a termination event occurs with respect to the other party. However, there can be no assurance that a guarantor or replacement Interest Rate Hedge Provider will be found or that the amount of collateral will be sufficient to meet the Interest Rate Hedge Provider's obligations. Nevertheless, the Issuer shall use its best efforts to find a replacement Interest Rate Hedge Provider. In such circumstances the Noteholders may experience delays and/or reductions in the interest and principal payments due in respect of such Rated Notes.

The enforceability of a contractual provision which alters the priorities of payments to subordinate the claim of the Interest Rate Hedge Provider (to the claims of other creditors of its counterparty) upon the occurrence of an insolvency of or other default by the Interest Rate Hedge Provider has been challenged in the English and U.S. courts. However, this is an aspect of cross border insolvency law which remains untested. Whilst the priority issue is considered largely resolved in England and Wales, concerns still remain that the English and U.S. courts will diverge in their approach which, in the case of an unfavourable decision in the U.S., may adversely affect the Issuer's ability to make payments on the Notes. If a creditor of the Issuer (such as the Interest Rate Hedge Provider) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the Transaction Documents (such as a provision of the relevant Priority of Payment which refers to the ranking of the Interest Rate Hedge Provider's rights in respect of certain amounts under the Hedging Agreement). In particular there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy law. Such laws may be relevant in certain circumstances with respect to a range of entities which may act as an Interest Rate Hedge Provider, including U.S. established entities and certain non-U.S. established entities with assets or operations in the U.S. (although the scope of any such proceedings may be limited if the relevant non-U.S. entity is a bank with a licensed branch in a U.S. state). In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, such actions may adversely affect the rights of the Noteholders, the ratings and/or the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Market and Liquidity Risk for the Notes

The secondary markets in general may face severe disruptions resulting from reduced investor demand for asset-backed securities and increased investor yield requirements for those securities from time to time. As a result of such reduced investor demand, the secondary market for asset-backed securities would be experiencing extremely limited liquidity. These conditions may continue or worsen in the future. Limited liquidity in the secondary market for asset-backed securities has had a severe adverse effect on the market value of asset-backed securities and may continue to have a severe adverse effect on the market value of asset-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, any purchaser of the Notes must be prepared to hold such Notes for an indefinite period of time or until final redemption or maturity of such Notes. The market values of the Notes are likely to fluctuate and could decrease. Any such fluctuation or decrease may be significant and could result in significant losses to investors in the Notes.

Risk that the Notes may not align at all times with market guidelines relating to green-, sustainability- or climate- linked securities

The Notes are aligned with the Green Bond Principles, as 'Secured Green Collateral Bond' as defined in the Green Bond Principles in effect as at the date of this Prospectus. For further details in relation to the Green Bond Principles, see below (*Green Bond Principles*).

There can be no assurance that the Notes will at all times align with all relevant market standards relating to green-securities. Any of the component parts of the Green Bond Principles could change following the date of this Prospectus in ways which may render the Notes not aligned with the standard as so changed.

This may adversely affect the value of the Notes and/or may have consequences for certain investors with portfolio mandates to invest in green assets. They may also result in lower liquidity of the Notes in the secondary market.

Risk that the Notes may not be a suitable investment for all investors seeking exposure to green or other sustainable investments

No assurance is given by the Issuer that an investment in the Notes will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which investors or their investments are required to comply in relation to so-called "green" or "sustainable" investments. Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what precise attributes are required for Notes to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time (including in relation to the EU Taxonomy Regulation and any related technical screening criteria, the EUGBS, the EU Sustainable Finance Disclosures Regulation).

In addition to the EU Taxonomy Regulation, several legislative and voluntary bases for determining what is "green", "social" or "sustainable" (or any equivalent label) have been or are being developed internationally. For example, on 28 November 2022, the Council of the EU formally adopted Directive (EU) 2022/2464 of the European Parliament and of the Council of 14 December 2022 amending Regulation (EU) No 537/2014, Directive 2004/109/EC, Directive 2006/43/EC and Directive 2013/34/EU, as regards corporate sustainability reporting ("**CSRD**"), a major update of the Non-Financial Reporting Directive (Directive 2014/95/EU), which is the current EU sustainability reporting framework. CSRD disclosures will be based on a common framework of European Sustainability Reporting Standards ("**ESRS**") that have been developed by the European Financial Reporting Advisory Group and adopted by the European Commission on 31 July 2023. The ESRS apply for financial years starting on or after 1 January 2024 but the European Commission has announced its intention to revise and simplify the ESRS; however, such revisions have not yet been adopted and the existing ESRS remain applicable. To the extent that the reporting obligations following from the CSRD and ESRS would at any time in the future apply to the Issuer in respect of the Transaction then the Issuer shall procure compliance accordingly.

The EUGBS Regulation entered into force on 21 December 2024. The EUGBS Regulation and the EU Green Bond Standard set out therein will create a high-quality voluntary standard available to all issuers (private and sovereigns) to help financing sustainable investments. The EU Green Bond Standard requires issuers to (i) allocate the funds raised to projects fully aligned to the EU Sustainable Finance Taxonomy; (ii) be fully transparent on how bond proceeds are allocated through detailed reporting requirements; (iii) all EU green bonds must be checked by an external reviewer (who is registered with and supervised by the ESMA) to ensure compliance with the EUGBS Regulation and that funded projects are aligned with the EU Sustainable Finance Taxonomy. However, no such requirement currently applies and no entity is currently registered with or supervised by ESMA. Once applicable, the EUGBS Regulation will require that the designation "European green bond" or "EuGB" may be used only for bonds that comply with the requirements set out therein.

None of the terms of the Notes, this Prospectus or any other aspect of the Notes or their issuance has been prepared with the intention of aligning with the EUGBS Regulation.

Save as regarding the intended alignment of the Notes with the Green Bond Principles, the Issuer is not intending to align the Notes with all or any of the rules, guidelines, standards, taxonomies, principles or objectives published or enacted from time to time by the EU or any other jurisdiction including the EUGBS Regulation. Accordingly, no assurance is or can be given by the Issuer that any Notes will meet any or all investor expectations regarding such "green", "social", "sustainable" or other equivalently-labelled

performance objectives or that any adverse environmental, social and/or other impacts will not be associated with the Receivables. Furthermore, the Certifier is not, and there can be no assurance that it will at any time be, registered or supervised by ESMA for the purpose of the EUGBS Regulation.

If any Notes are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates. It is not clear if the establishment under the EUGBS of the "EuGB" label and the optional disclosures regime for bonds issued as "environmentally sustainable" could have an impact on investor demand for, and pricing of, secured green bonds that do not comply with the requirements of the "EuGB" label or the optional disclosures regime, such as the Notes. It could result in reduced liquidity or lower demand or could otherwise affect the market price of the Notes. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer that any such listing or admission to trading will be obtained in respect of any Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of such Notes.

Accordingly, no assurance is or can be given to investors that the investment in the Notes will meet any or all investor expectations regarding such "green", "sustainable" or other equivalently labelled performance objectives.

The EU Sustainable Finance Disclosure Regulation requires financial markets participants and financial advisors to ensure (i) transparency on sustainability risks policies being observed, (ii) transparency on adverse sustainability impact at entity level, (iii) transparency on remuneration policies in relation to the integration of sustainability risks, (iv) transparency on the integration of sustainability risks, (v) transparency on adverse sustainability impacts at financial product level, (vi) transparency on the promotion of environmental or social characteristics in pre-contractual disclosures, (vii) transparency on sustainable investments in pre-contractual disclosures, (viii) transparency on the promotion of environmental or social characteristics and on sustainable investments on websites, and (ix) transparency on the promotion of environmental or social characteristics and on sustainable investments in periodic reports. Financial market participants and financial advisors subject to the EU Sustainable Finance Disclosure Regulation shall periodically review the disclosures made in fulfilment of obligation under this regulation. Marketing communications may not contradict the information as disclosed pursuant to the obligations under the EU Sustainable Finance Disclosure Regulation. The EU Sustainable Finance Disclosure Regulation entered into force on 29 December 2019 and the majority of the new disclosure obligations took effect on 10 March 2021.

The Issuer is not subject to the EU Sustainable Finance Disclosure Regulation as it neither qualifies as a "financial markets participant" within the meaning of Article 2(1) of the EU Sustainable Finance Disclosure Regulation nor as a "financial advisor" within the meaning of Article 2(11) EU Sustainable Finance Disclosure Regulation nor do the Notes qualify as "financial product" within the meaning of Article 2(12) EU Sustainable Finance Disclosure Regulation. Therefore, any disclosures made in this Prospectus on the "green" character are not subject to the provisions of the EU Sustainable Finance Disclosure Regulation. In view of the definitions of the EU Sustainable Finance Disclosure Regulation the Issuer is furthermore not subject to the provision of Article 10 (Transparency of the promotion of environmental or social characteristics and of sustainable investments on websites) or Article 11 (Transparency of the promotion of environmental or social characteristics and of sustainable investments in periodic reports). On 20 November 2025, the European Commission published a proposed set of amendments to the EU Sustainable Finance Disclosure Regulation, which are currently expected to enter into force in June 2027 and to start applying in December 2028.

The European Parliament is currently considering EU SFDR 2.0. These proposals are intended to streamline and reduce the complexity of EU legislation in relation sustainability and sustainable finance and would represent a far-reaching simplification in the fields of sustainability reporting, corporate responsibility and

taxonomy in the EU. If approved by the parliament and the counsel, the changes and clarifications proposed in EU SFDR 2.0 are expected to enter into force in June 2027 and start applying from December 2028. As proposed, EU SFDR 2.0 will explicitly confirm that the Issuer, as an as "SSPE" under the EU Securitisation Regulation, will not qualify as a financial market participant and thus will not be with the scope of reporting obligations under EU Sustainable Finance Disclosure Regulation.

Each prospective investor should have regard to the factors described in the Green Bond Principles and the relevant information contained in this Prospectus and seek advice from their independent financial adviser or other professional adviser regarding its purchase of the Notes before deciding to invest.

Risk that conclusions reached by external opinion providers in relation to the green characteristics of the Notes may be inaccurate, incomplete or may change over time

The Issuer has requested the Certifier to issue a second party opinion confirming that the Notes are in compliance with the Green Bond Principles. The Opinion provides an opinion on certain environmental and related considerations and is a statement of opinion, not a statement of fact. No representation or assurance is given as to the suitability or reliability of the Opinion or any opinion or certification of any third party made available in connection with an issue of Notes. The Opinion and any other such opinion or certification is not intended to address any credit, market or other aspects of any investment in any Note, including without limitation market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Notes. The Opinion is only valid as long as the cited framework remains unchanged and so may not reflect the potential impact of all risks related to the structure, market, additional risk factors discussed above and other factors that may affect the value of the Notes.

The criteria and/or considerations that formed the basis of the Opinion and any other such opinion or certification may change at any time and the Opinion may be amended, updated, supplemented, replaced and/or withdrawn at any time. Any withdrawal of the Opinion or any other opinion or certification may have a material adverse effect on the value of the Notes in respect of which such opinion or certification is given and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

The Opinion is not, nor should it be deemed to be, a recommendation by the Issuer, the Sellers, the Arranger, the Joint Lead Managers or the Certifier, to buy, sell or hold any such Notes, and prospective investors must determine for themselves the relevance of the Opinion and/or the information contained therein and/or the provider of the Opinion for the purpose of any investment in such Notes. The Opinion shall not be, nor shall either be deemed to be, incorporated in and/or form part of this Prospectus.

Currently, the providers of such opinions, reports and certifications are not subject to any specific regulatory or other regime or oversight. Investors shall have no recourse against the Sellers, the Issuer, the Arranger, the Joint Lead Managers or any of their respective affiliates or the provider of any such opinion, report or certification for the contents of any such opinion, report or certification.

None of the Issuer, the Arranger or the Joint Lead Managers is responsible for assessing or verifying or monitoring (the suitability or reliability for any purposes whatsoever of the Opinion or any other opinion or certification of any third party (whether or not solicited by the Issuer) that may be made available in connection with the issuance of the Notes. In addition, none of the Arranger or the Joint Lead Managers has undertaken, or is responsible for, any verification of whether or not the Notes qualify as "ESG," "green" or other equivalently labelled securities.

These factors may adversely affect the value of the Notes and/or may have consequences for certain investors with portfolio mandates to invest in green assets. They may also result in lower liquidity of the Notes in the secondary market.

Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein.

Eurosystem Eligibility

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue to be deposited with one of Euroclear or Clearstream, Luxembourg as Common Safekeeper and does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem (the "**Eurosystem eligible collateral**") either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria set out in the Guideline (EU) 2015/510 of the European Central Bank (the "**ECB**") of 19 December 2014 on the implementation of the Eurosystem monetary policy framework (ECB/2014/60) (recast), which applies since 1 May 2015, as amended by Guideline (EU) 2019/1032 of the ECB of 10 May 2019 (ECB/2019/11), Guideline (EU) 2020/1690 of 25 September 2020 (ECB/2020/45) and Guideline (EU) 2026/689 (ECB/2026/1) of 22 January 2026.

If the Class A Notes do not satisfy the criteria specified by the ECB, then the Class A Notes will not qualify as Eurosystem eligible collateral. As a consequence Noteholders will not be permitted to use the Class A Notes as collateral for monetary policy transactions of the Eurosystem and may sell the Notes into the secondary market at a reduced price only.

III. Risks related to the Purchased Receivables

Factors affecting the Payment under the Purchased Receivables

If Customers default under Purchased Receivables the Noteholders may suffer a loss in respect of the amounts invested in the relevant Notes. In addition, there is a risk that for this reason Noteholders will not receive the expected amount of interest and principal on the Notes.

The payments of amounts due by the Customers under the Purchased Receivables may be affected by various factors and are generally subject to credit risk and liquidity risk. The factors negatively affecting payments by the Customers include, in particular, adverse changes in the national or international economic climate (including, in particular, high inflation rates), adverse political developments and adverse government policies. Any deterioration in the economic conditions in locations where Customers are concentrated may adversely affect the ability of such Customers to make payments on the Purchased Receivables. Further, the financial standing of the relevant Customer, loss of earnings, illness, divorce and other comparable factors may negatively affect payments by the Customers on the Purchased Receivables.

Such factors may lead to an increase in defaults under Purchased Receivables and ultimately to insufficient funds of the Issuer to pay the full amount of interest and/or repay the Notes in full.

Non-Existence of Purchased Receivables

If any of the Purchased Receivables has not come into existence at the time of its assignment to the Issuer or belongs to a Person other than any of the Sellers, the Issuer would not acquire title to such Purchased Receivable. The Issuer would not receive adequate value in return for its purchase price payment. This result is independent of whether or not the Issuer, at the time of assignment of the Purchased Receivables, is aware of the non-existence and therefore acts in good faith (*gutgläubig*) with respect to the existence of such Purchased Receivable. This risk, however, will be addressed by contractual obligations assumed by each of the Sellers concerning the existence of each of the Purchased Receivables, in particular the contractual obligation of each of the Sellers to repurchase from the Issuer any Receivables affected by such breach.

Correspondingly, investors rely on the creditworthiness of each of the Sellers in this respect and the ability of the Issuer to make payments on the Notes may be adversely affected if no corresponding payments are made by each of the Sellers as such obligation of the each of the Sellers is unsecured.

Changing Characteristics of Purchased Receivables

After the Cut-Off Date, the Portfolio may change from time to time as a result of repayment, prepayments or repurchase of Purchased Receivables, and therefore the characteristics of the Portfolio after the Cut-Off Date may change and could be substantially different from the characteristics of the pool of Purchased Receivables comprising the Portfolio as at the Closing Date. These differences could adversely affect the delinquency, or

credit loss, of the Purchased Receivables and result in faster or slower repayments or greater losses on the Notes.

Insolvency Proceedings with respect to the Seller – Re-qualification Risk

The transaction has been structured as a "true sale" of the Purchased Receivables under the Receivables Purchase Agreement from the Sellers to the Issuer. However, there are no statutory or case law based tests as to when a securitisation transaction may be characterised as a true sale or as a secured loan. Therefore, there is a risk that a court, in the insolvency of any Seller, could "re-characterise" the sale of relevant Purchased Receivables relating to such Seller under the Receivables Purchase Agreement as a secured loan. In such case Sections 166 and 51 (1) InsO would apply with the following consequences:

If the securitisation transaction is re-qualified as a secured loan, the insolvency administrator of any of the Sellers would be authorised by German law to enforce the relevant Purchased Receivables relating to such Seller which are deemed to be assigned to the Issuer for security purposes (on behalf of the assignee) and the Issuer would in this case be barred from enforcing the Purchased Receivables assigned to it.

The insolvency administrator would be obliged to transfer the proceeds from the enforcement of such Receivables to the Issuer. The insolvency administrator may, however, deduct from such enforcement proceeds its enforcement costs amounting to 4 % (for the determination of the relevant assets and the existing rights of assets (*Feststellungskosten*)) plus 5 % of the enforcement proceeds (*Verwertungserlöse*) for costs of enforcement (*Kosten der Verwertung*) plus applicable value added tax. If the actual costs of enforcement are substantially more or less than 5 % of the enforcement proceeds, the actual costs shall be applied (*sind anzusetzen*).

Accordingly, the Issuer would have to share in the costs of an insolvency proceeding of any of the Sellers, reducing the funds available to pay interest and principal on the Notes.

Reliance on the Servicers and Substitution of Servicers

Pursuant to the Servicing Agreement, the Issuer has appointed the Servicers as servicer on its behalf and to service, administer and collect all Purchased Receivables subject to the terms and conditions of the Servicing Agreement and subject to the Security Trust Agreement. Each Servicer shall have the authority to do or cause to be done any and all acts which it reasonably considers necessary or convenient in connection with the servicing of the Purchased Receivables in accordance with the Credit and Collection Policy and the Servicing Agreement.

The authority of each Servicer to collect payments from the Customers will automatically terminate if the Servicer is (i) unable to pay its debts when due (*Zahlungsunfähigkeit* pursuant to Section 17 of the German Insolvency Code), (ii) in a situation where the scenario outlined under sub-paragraph (i) above is imminent (*drohende Zahlungsunfähigkeit* pursuant to Section 18 of the German Insolvency Code) or (iii) overindebted (*Überschuldung* pursuant to Section 19 of the German Insolvency Code) or if insolvency proceedings are opened with respect to its assets.

The Issuer will activate the Back-Up Servicer as servicer on its behalf and to service, administer and collect all Purchased Receivables following the occurrence of a Servicer Termination Event. Subject to any mandatory provision of German law, each Servicer will continue to perform its duties under the Servicing Agreement until the Back-Up Servicer has become active.

The Issuer's ability to meet its obligations under the Notes will be dependent on the performance of the duties by the Servicers (or, following its activation, the Back-Up Servicer).

Accordingly, the Noteholders are relying, *inter alia*, on the business judgement and practices of the Servicers (or, following its activation, the Back-Up Servicer) in administering the Purchased Receivables and enforcing claims against Customers.

There can be no assurance that the Servicers (or, following its activation, the Back-Up Servicer) will be willing or able to perform such service in the future. If the appointment of any of the Servicers is terminated in accordance with the Servicing Agreement there is no guarantee that the Back-Up Servicer can become active within a reasonable timeframe or at all.

Withdrawal Right

The provisions of the BGB with respect to consumer loans (*Verbraucherdarlehen*), in particular, as regards the required instructions on a Customer's right of withdrawal (*Widerrufsrecht*) apply *mutatis mutandis* to instalment purchases with consumers and thus to Purchased Receivables where the respective Customers qualify as consumers within the meaning of Section 13 BGB.

Under the afore-mentioned provisions, a borrower or instalment purchaser, as relevant, may, if (i) not properly informed of its right of withdrawal (*Widerrufsrecht*) or, in some cases, (ii) not provided with certain mandatory information (*Pflichtangaben*) set out in Article 247 Sections 6 to 13 EGBGB about the loan or instalment purchase contract in the withdrawal information (*Widerrufsinformation*) by the lender or instalment seller, revoke the relevant agreement at any time. German courts have adopted strict standards in this respect and it cannot be excluded that a German court could consider the language and presentation used in certain Purchase Contracts as falling short of such standards. If any withdrawal information (*Widerrufsinformation*) is considered to be incorrect, particularly if the relevant Customer is not properly provided with the relevant mandatory information (*Pflichtangaben*) in line with the requirements of the BGB, the Customer is entitled to revoke the Purchase Contract at any time, until the Customer has (simply put) been provided with the correct withdrawal information (*Widerrufsinformation*); after having been provided with the correct withdrawal information (*Widerrufsinformation*), the withdrawal period commences, but will be one month instead of 14 days (cf. Sections 506, 492 para. 6 s. 4 BGB).

Should a Customer withdraw the consent to the relevant Purchase Contract, the Customer would be obliged to hand back the Solar System or Heat Pump System, respectively. Hence, the Issuer would receive interest under such Purchased Receivable for a shorter period of time than initially anticipated.

In addition, the European Court of Justice ("ECJ") held that consumer loan agreements have to set out, in a clear and concise manner, the information to be specified in accordance with European consumer protection laws, including information on how the period of withdrawal is to be calculated, and that European consumer protection laws preclude a loan agreement from making reference, as regards the required information, to a provision of national law which itself refers to other legislative provisions of national law (ECJ ruling C-66/19 dated 26 March 2020). The ECJ argued that such reference to legislative provisions does not sufficiently enable the borrower to determine the starting point of the period of withdrawal. The wording that appears to have been the subject of ECJ's decision is contained in the form of withdrawal notice included in the Introductory Act to the German Civil Code ("**EGBGB**"). However, the German Federal Court of Justice (*Bundesgerichtshof*) has held, in light of the aforementioned ECJ decision, that a withdrawal instruction which follows the form of withdrawal notice published in the EGBGB will continue to be deemed a legal and valid withdrawal instruction which validly initiates the commencement of the 14-day withdrawal period (judgment dated 31 March 2020 - XI ZR 198/19). The German Federal Court of Justice's decision is based on Article 247 section 6(2) sentence 3 EGBGB which clarifies that if the consumer loan contract contains a withdrawal instruction conforming to the form of withdrawal notice included in the EGBGB in clear and transparent way (*klar und verständlich*), the requirements of Article 247 section 6(2) sentences 1 and 2 EGBGB are deemed to have been satisfied (so-called "**Fiction of Legality**" (*Gesetzlichkeitsfiktion*)) and pursuant to the German Federal Court of Justice's (*Bundesgerichtshof*) decision the Fiction of Legality is the manifestation of the legislator's intent and, therefore, prevailing national law. However, the German Federal Court of Justice (*Bundesgerichtshof*) has held in two further decisions that a lender is not entitled to rely on the Fiction of Legality under if the withdrawal instruction derogates from the form of withdrawal notice included in the EGBGB (judgments dated 27 October 2020 - XI ZR 525/19 and XI ZR 498/19). Such derogation may occur in various instances, for example when headings are omitted which are included in the form of withdrawal notice published in the EGBGB (German Federal Court of Justice (*Bundesgerichtshof*) judgment dated 11 November 2020 - XI ZR 426/19). However, notwithstanding any derogation from the statutory form, a borrower may not withdraw from a loan contract following expiry of the 14 days withdrawal period, if such withdrawal was vexatious, which was the case if the borrower had been offered a residual debt insurance agreement (*Restschuldversicherung*) but had refused to accept (German Federal Court of Justice (*Bundesgerichtshof*) judgment dated 27 October 2020 - XI ZR 498/19). On 15 June 2021 the form of withdrawal notice included in the EGBGB has been amended by a law aiming to conform the statutory form of withdrawal notice to the requirements of EU consumer law as specified in the above ECJ's ruling. However, in a further recent judgement the ECJ held that the mandatory information (*Pflichtangaben*) in consumer loan agreements, *inter alia*, (i) must specify the rate of default interest (*Verzugzinssatz*) applicable at the time of the conclusion of the consumer loan agreement as a specific percentage and the mechanism of adjustment

of the default interest (*Verzugzinssatz*) shall be described in a comprehensible manner, (ii) must describe the method for calculating the breakage costs (*Vorfälligkeitsentschädigung*) in a specific and easily comprehensible manner, so that an average consumer can determine the amount of the breakage costs on such basis and (iii) must specify the essential information on any out-of-court complaint or redress procedures (*außergerichtlichen Beschwerde- oder Rechtsbehelfsverfahren*) available to the consumer and, where applicable, the costs associated therewith, whether the complaint or redress is to be submitted by post or electronically, the physical or electronic address to which the complaint or redress is to be sent and the other formal requirements, which the complaint or redress is subject to (ECJ ruling in the related matters C-33/20, C-155/20 and C-187/20 dated 9 September 2021). Lacking such information, the 14-day withdrawal period will not commence and the consumer may withdraw from the loan agreement at any time. On 21 December 2023 the ECJ ruled, *inter alia*, that in respect of calculation of the early repayment compensation due on early repayment of the credit, the method of calculating that early repayment compensation must be indicated in a manner which is specific and easily comprehensible to the average consumer who is reasonably well informed and reasonably observant and circumspect, so that the can determine the amount of the indemnity due on early repayment on the basis of the information contained in that contract (ECJ ruling in the related matters C-38/21, C-47/21 and C-232/21 dated 21 December 2023).

In a recent decision, the German Federal Court of Justice (*Bundesgerichtshof*, judgment dated 27 February 2024 - XI ZR 258/22) ruled that in the event of incomplete or incorrect mandatory information (*Pflichtangaben*) in the instalment purchase contract, the withdrawal period does not commence if the incompleteness or incorrectness of the mandatory information (*Pflichtangaben*) is likely (i) to affect the consumer's ability to exercise its rights under the loan agreement or (ii) affects its decision to conclude the relevant loan agreement. Accordingly, the German Federal Court of Justice (*Bundesgerichtshof*) ruled that an information on the default interest rate and the manner of its potential adjustment is, even if it is incomplete, as the borrower was not informed of the specific percentage of the default interest rate applicable at the time of the conclusion of the contract does not prevent the commencement of the withdrawal period. The withdrawal period in the case of incomplete or incorrect information starts to run only if the incompleteness or incorrectness of this information is not likely to affect the consumer's ability to assess the extent of their rights and obligations arising from the loan agreement, or their decision to conclude the contract, and thereby possibly deprive them of the opportunity to exercise their rights under essentially the same conditions as if the information had been provided completely and correctly. The German Federal Court of Justice (*Bundesgerichtshof*) recently confirmed this in its judgement dated 3 March 2026, XI ZR 39/25.

The German Federal Court of Justice (*Bundesgerichtshof*) further ruled, in view of the ECJ Ruling of 21 December 2023, that missing, incorrect or invalid information on the calculation method of the claim for early repayment compensation does not prevent the commencement of the 14-days withdrawal period as such incorrect statement regarding the calculation of the early repayment compensation only leads to the exclusion of the claim for early repayment compensation, without affecting the commencement of the 14-days withdrawal period. In addition, with regard to out-of-court complaint and redress procedures, the German Federal Court of Justice (*Bundesgerichtshof*) further ruled that missing, incorrect or invalid information on such procedures and their formal requirements will prevent the commencement of the 14-days withdrawal period.

The German Federal Court of Justice (*Bundesgerichtshof*) also clarified in its judgement dated 28 January 2025 - XI ZR 524/20 that the mere inclusion of so-called "cascade references" within the revocation instruction does not render the instruction ineffective per se. According to the German Federal Court of Justice (*Bundesgerichtshof*), such references are permissible provided that the average, reasonably informed consumer can still identify the relevant information without undue difficulty. Mere structural complexity does not preclude the commencement of the withdrawal period, as long as the content remains sufficiently clear and complete, as also ruled in its judgment dated 11 February 2025 - ZR XI 320/22.

As described above, a borrower may have the right to revoke the loan agreement at any time if the lender does not comply with the obligation to properly provide mandatory information (*Pflichtangaben*). Even though the Purchase Contracts are not loan agreements (but the relevant provisions only apply *mutatis mutandis* via Section 506, 507 BGB) and are not subject to the above court decision it cannot be excluded that a German court may hold that a Customer that is a consumer may have the right to revoke the respective Purchase Contract based on the reasoning of the ECJ or the Federal Court of Justice, respectively.

If a Customer revokes a Purchase Contract, the Customer would be obliged to return the relevant Solar System or the relevant Heat Pump System, respectively, and the relevant Seller would be obliged to repay

any instalments received from the Customer until such point in time in full. In addition, the Customer may basically need to compensate the relevant Seller for any loss in value (*Wertersatz für Wertverlust*) due to a use of the Solar System or the Heat Pump System, respectively, which was not required to check the condition, the characteristics, and the functioning of the Solar System or the Heat Pump System, respectively, provided that he has been properly informed about its withdrawal right.

Should a Customer revoke a Purchase Contract, the Issuer would receive payments under the related Purchased Receivables for a shorter period of time than initially anticipated. The Customer may potentially set off its claim for repayment of any previously paid instalments against its obligation to pay a compensation for loss of value regarding the respective Solar System or the respective Heat Pump System, as applicable. Thus, if a Customer exercised any such withdrawal right, the Noteholders may suffer a risk of a reduction or non-receipt of principal and/or interest due to them in respect of their Notes. However, under the Receivables Purchase Agreement, the relevant Seller would be obliged to either repurchase such Affected Receivable or pay a Deemed Collection for such.

On 20 November 2023 Directive (EU) 2023/2225 on credit agreements for consumers and repealing Directive 2008/48/EC and amending the legal requirements for credit agreements for consumers came into force. Member States had to adopt and publish, by 20 November 2025, the laws, regulations and administrative provisions necessary to comply with Directive (EU) 2023/2225. They shall apply those measures from 20 November 2026. On 29 September 2025 the German Federal Government submitted a proposal for an act incorporating Directive (EU) 2023/2225 into German law. On 17 October 2025 the Federal Council (Bundesrat) responded to such proposal which is now subject to discussions in the committees of the Federal Parliament (Bundestag). Considering the committees' recommendations, the Federal Parliament (Bundestag) adopted the draft act implementing Directive (EU) 2023/2225 into German law on 17 April 2026 which will come into force on 20 November 2026. Given that the Purchase Contracts have been originated prior to 20 November 2026, the new German act implementing Directive (EU) 2023/2225 will not have an impact on this Transaction.

Reduction of Interest Rate on underlying Purchase Contracts

Pursuant to Section 507 para. 2 s. 3 BGB, the interest rate under a Purchase Contract entered into with a consumer is reduced to the statutory interest rate if the Purchase Contract does not state the effective annual rate of interest (*effektiver Jahreszins*) or the total amount (*Gesamtbetrag*). If the effective annual rate of interest (*effektiver Jahreszins*) is understated, the total amount (*Gesamtbetrag*) is reduced by the percentage amount by which the effective annual rate of interest (*effektiver Jahreszins*) is understated (Section 507 para. 2 s. 5 BGB).

The risk of such reduction of interest under a Purchase Contract is mitigated by the obligation of the Sellers under the Receivables Purchase Agreement to repurchase each Purchased Receivable owed by a Customer which qualifies as a consumer which does not comply with the Eligibility Criteria except that a Purchase Contract may not contain all mandatory information (*Pflichtangaben*) as required by applicable law in which case the relevant Seller shall pay a Deemed Collection upon a valid revocation being exercised (*wirksame Ausübung des Widerrufs*) which is based on non-compliance with mandatory information (*Pflichtangaben*) as required by applicable law by the Customer vis-à-vis the relevant Seller. Correspondingly, investors rely on the creditworthiness of the Sellers in this respect and the ability of the Issuer to make payments on the Notes may be adversely affected if no corresponding payments are made by the Sellers as such obligation of the Sellers is unsecured.

Prepayment

Pursuant to Sections 506, 500 para. 2 BGB, a Customer which qualifies as a consumer is generally entitled to prepay the purchase price under an instalment purchase contract in whole or in part at any time (*vorzeitige Ablösung*) without the need for prior termination of the instalment purchase contract; this is a mandatory right of a consumer. In case of such prepayment, the total amount is reduced by the interest and costs corresponding to the remaining term of the contract, cf. Sections 506, 501 para. 1 BGB. In case of such a prepayment however, the instalment seller may claim a prepayment penalty (*Vorfälligkeitsentschädigung*), if the applicable interest rate (*Sollzinssatz*) is fixed and agreed upon the conclusion, cf. Sections 506, 502 BGB.

Under the Purchase Contracts the consumer is granted such right to effect prepayments. However, the Purchase Contracts do not provide for a prepayment penalty (*Vorfälligkeitsentschädigung*) to be paid by the consumer in case of prepayment.

Right to Early Terminate for Good Cause (Kündigung aus wichtigem Grund)

Pursuant to Section 314 para. 1 sentence 1 BGB, either party may early terminate an agreement for the performance of a continuing obligation (*Dauerschuldverhältnis*) for good cause (*aus wichtigem Grund*) without notice period. Pursuant to Section 314 para. 1 sentence 2 BGB good cause exists if, having regard to the circumstances of the specific case and balancing the interests of the parties involved, the terminating party cannot reasonably be expected to continue the contractual relationship until the agreed termination date or until the end of a notice period. This right may neither be entirely excluded nor may it be unreasonably exacerbated or linked to consent from a third party. Should the Purchase Contract qualify as an agreement for the performance of a continuing obligation (*Dauerschuldverhältnis*), a termination for good cause will lead to an early termination of the relevant Purchase Contract without the obligation of the Customer to pay any further instalments or any compensation for such early termination.

Should a Customer terminate a Purchase Contract for good cause (*aus wichtigem Grund*) without notice period, the Issuer would receive payments under the related Purchased Receivables for a shorter period of time than initially anticipated. Thus, the Noteholders may suffer a risk of a reduction or non-receipt of principal and/or interest due to them in respect of their Notes.

Set-off Risk and Defences

The assignment of the Purchased Receivables and the transfer of the Related Security may only be disclosed to the relevant Customers at any time by the Issuer or through the Servicers in accordance with the Servicing Agreement. Until the relevant Customers have been notified of the assignment of the relevant Purchased Receivables, they may undertake payment with discharging effect to the Sellers and Servicers or enter into any other transaction with regard to such Purchased Receivables which will have binding effect on the Issuer and the Security Trustee.

Furthermore, a Customer may, *inter alia*:

- (a) raise defences against the Issuer arising from its relationship with the relevant Seller and relevant Servicer existing at the time of the assignment of the Purchased Receivable by the relevant Seller and relevant Servicer; and
- (b) be entitled to set-off against the Issuer any claims against the relevant Seller and relevant Servicer, in particular but not limited to any separate contractual obligations between the relevant Seller and such Customer, unless the Customer has knowledge of the assignment upon acquiring such claims or such claims become due only after the Customer acquires such knowledge and after the relevant obligations under the Purchased Receivables become due.

Any set-off or exercise of defences may affect the ability of the Issuer to make payments on the Notes.

Ability to obtain the Portfolio Decryption Key

For the purpose of notification of the Customers in respect of the assignment of the Purchased Receivables, the Back-Up Servicer will require the Portfolio Decryption Key which is in the possession of the Data Trustee. Under the Data Trust Agreement, the Data Trustee may only release the Portfolio Decryption Key in specific instances. In such case, the Data Trustee shall deliver the Portfolio Decryption Key to (i) the Back-Up Servicer or (ii) if the Back-Up Servicer cannot be activated, another entity nominated by the Issuer and as indicated in the notice pursuant to the Data Trust Agreement or (iii) if no recipient has been nominated, to the Issuer. However, the Issuer or the Back-Up Servicer (as applicable) might not be able to obtain such data in a timely manner as a result of which the notification of the Customers may be considerably delayed. Until such notification has occurred, the Customers may undertake payment with discharging effect to the Sellers and Servicers or enter into any other transaction with regard to the Purchased Receivables which will have binding effect on the Issuer and the Security Trustee.

Direct Debit Arrangement in case of Insolvency of a Customer

The Customers under the Purchase Contracts have granted to the Sellers the right to collect monies due and payable under the relevant Purchased Receivable by making use of a direct debit mandate (*Einzugsermächtigung*). Such direct debit mandate continues to apply following the sale and assignment of a Purchased Receivable by the relevant Seller as long as the relevant Seller acts as Servicer.

Pursuant to decisions of the BGH, both the preliminary and the final insolvency administrator (*vorläufiger und endgültiger Insolvenzverwalter*) have the right to object to direct debits for a period of six (6) weeks upon receipt (*Zugang*) of the last balance of accounts (*Rechnungsabschluss*) in order to preserve the Customer's assets for the insolvency estate. After such time the relevant direct debit shall be deemed to be approved (*Genehmigungsfiktion*). Pursuant to decisions of the BGH such deemed approval shall also be binding on the preliminary insolvency administrator with reservation of consent (*vorläufiger schwacher Insolvenzverwalter*).

The insolvency administrator shall only have a right to object to the extent that the Customer has not approved (*genehmigt*) the relevant direct debit contractually or implicitly (e.g. if the Customer has previously given its consent to regular payments and the objected direct debit was conducted under a continuing obligation such as rental payments). The BGH stated in this respect that it can only be decided on a case-by-case basis whether the Customer has approved the relevant direct debit implicitly.

Thus, where the Servicers collect monies owed under the Purchased Receivables by making use of a direct debit mandate, the insolvency administrator of a Customer may have the right to object to these direct debits as set out above. The insolvency administrator's right to object may adversely affect payments on the Notes in an insolvency of a Customer as the collection of monies owed by the Customer under the Purchased Receivable may be delayed and/or defaulted (e.g., if legal actions have to be taken against the Customer).

Value of Solar Systems

Since Solar Systems are a relatively new product and no market for used Solar Systems is currently existing, the actual value of used Solar Systems cannot be predicted. This might have an impact on the value of the Security Assets.

Furthermore, under its Solar Purchase Contracts the Seller 1 and/or Seller 3 is retaining title to the Solar Systems. According to Section 93 of the German Civil Code, a part of an object (e.g. a building) that cannot be separated from that object without destroying or changing the essence of one or the other is an essential part of that object and cannot be the subject of individual rights (e.g. ownership). The ownership would therefore change, if upon installation, the Solar System would become an essential part of the respective building. However, due to the contractual arrangements in respect of the Solar System under the Solar Purchase Contracts and the fact that the costs of dismantling the Solar System would not be disproportionate to the value of the Solar System, Seller 1 and/or Seller 3 has been advised that Section 93 of the German Civil Code should not apply to the installation of its Solar Systems on the roofs of its Customers. Pursuant to Section 94 para. 2 of the German Civil Code, a part that has been incorporated for the purpose of constructing a building becomes an essential part of this building. Based on Seller 1's and/or Seller 3's business model Section 94 para. 2 of the German Civil Code should not apply as the Solar Systems are mainly installed on existing buildings. However, given that question of title to the Solar Systems in respect of the Seller 1's and/or Seller 3's contractual arrangements in its Solar Purchase Contracts has not been subject to any court decision yet, there exists a risk that a German court might take a different view.

In the business model operated by the Seller 1 and/or Seller 3, there is a risk that the installed Solar Systems will be classified as accessories to the respective buildings within the meaning of Section 97 of the German Civil Code. Qualifying the Solar System as an accessory to the respective building within the meaning of Section 97 of the German Civil Code may bear the risk that in case of a foreclosure against a Customer, Seller 1 may lose title to the Solar System if a third party acquires the Customer's property at a compulsory auction. In that case, Seller 1 and/or Seller 3 would only have a compensation claim against the auction proceeds from the creditors pursuing the foreclosure. However, the compensation is calculated based on the ratio of the value of the Solar System to the value of the building, i.e. Seller 1 and/or Seller 3 would only receive a share of the auction proceeds corresponding to that ratio.

In the event of a sale of the building by the Customer, the Customer is not entitled to transfer ownership of the Solar Systems owned by the Seller 1 and/or Seller 3 to the purchaser. Such a transfer of ownership is

only possible under the condition of a good faith acquisition. For this purpose, the purchaser must rely on the fact that Solar System is owned by the Customer as an accessory part. To prevent this, a provision in the general terms and conditions under its Solar Purchase Contracts requires the Customer to inform the purchaser that the Seller 1 and/or Seller 3 is the owner of the PV system. If a transfer of ownership by the non-entitled party (the Customer) is effective against the Seller 1 and/or Seller 3 due to good faith on the part of the purchaser, the Seller 1 and/or Seller 3 is entitled to a claim against the Customer for the return of what it has obtained through the disposition, i.e. the portion of the payment that is attributable to the transfer of ownership of the Solar System. However, given the uncertainty relating to such proceedings against the Customer, there exists a risk that the Seller 1 and/or Seller 3 would not make whole for the loss of title.

For the purpose of the Transaction the risks in respect of title to and value of the Solar Systems should be negligible given that the Seller 1 and/or Seller 3 has not repossessed any Solar System in the past and does not intend to do so given that the costs of such repossession and dismantling in most instances exceed the value of the relevant Purchased Receivable.

Value of Heat Pump Systems

An installed Heat Pump System will be classified as an essential part to the respective buildings within the meaning of Section 93 of the German Civil Code. Qualifying the Heat Pump System as an essential part to the respective building within the meaning of Section 93 of the German Civil Code means upon installation of the Heat Pump System ownership to the Heat Pump System would change from Seller 2 to the Customer. Therefore, Heat Pump Systems will not qualify as security for the Transaction and with such besides any possible Ancillary Rights, Heat Pump Purchase Contract Receivables would need to be considered as unsecured receivables and any default by a Customer of a Heat Pump Purchase Contract Receivable could have an impact on the ability of the Issuer to make payments on the Notes ultimately leading to a risk of the Noteholders to incur a loss.

Commingling Risk

Each Servicer has undertaken in the Servicing Agreement that it shall transfer all Collections received by it on behalf of the Issuer into the Transaction Account within two (2) Business Days following receipt and identification by the relevant Servicer of all such amounts. However, such undertaking of the Servicers is not secured. Further, if a Servicer becomes Insolvent, amounts collected by such Servicer and not transferred to the Transaction Account may be subject to attachment by the creditors of such Servicer. This may lead to losses at the level of the Issuer, which could have an impact on the ability of the Issuer to make payments on the Notes ultimately leading to a risk of the Noteholders to incur a loss.

Macroeconomic and Geopolitical Developments May Affect Performance

The ongoing geopolitical developments, including the current uncertainty in the banking sector, the war in Ukraine and the confrontations in the Middle East (including escalating tensions involving the USA, Israel and the Islamic Republic of Iran), the increase of trade barriers (such as tariffs) and the sanctions imposed by the United States, the United Kingdom, the European Union, in particular, against Russia, may result in an adverse impact on global economic, financial, political, social or government conditions which may result or already resulted in (including but not limited to) limited access to workplaces, and limited availability of key personnel, higher inflation, higher interest rates, higher cost of living, declining access to credit, lower or stagnating wages, increasing unemployment, changes in government regulatory, fiscal or tax policies, including changes in applicable tax rates and the modification of existing or adoption of new tax legislation, sanctions regimes, removal of subsidies, reduced public spending, increases in fuel prices, weakness in energy markets or a loss of consumer confidence. Such conditions may have an adverse impact on both the operational business of the Sellers and the financial performance of the Purchased Receivables.

Reliance on the Creditworthiness and Performance of Third Parties

The Issuer has entered into agreements with a number of third parties that have agreed to perform services in relation to the Notes. The ability of the Issuer to meet its obligations under the Notes will be dependent on the performance of the services, duties, obligations and undertakings by each party to the Transaction Documents. The Issuer is relying on the creditworthiness of the other parties to the Transaction Documents. It cannot be ruled out that the creditworthiness of such parties will deteriorate in the future. If any of such third

parties fails to perform its obligations under the respective agreements to which it is a party, the ability of the Issuer to meet its obligations under the Notes may be adversely affected.

Conflicts of Interest

The Transaction Parties other than the Issuer and their respective affiliates are acting in a number of capacities in connection with the transaction described herein. Those Transaction Parties and any of their respective affiliates acting in such capacities will have only the duties and responsibilities expressly agreed to by each such entity in the relevant capacity and will not, by reason of it or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. In no event shall such Transaction Parties or any of their respective affiliates be deemed to have any fiduciary obligations to any person by reason of their or any of their respective affiliates acting in any capacity.

Citigroup Inc. and its affiliates are part of a global investment banking and securities and investment management firm that provides a wide range of financial services to a substantial and diversified client base that includes corporations, financial institutions, governments and high-net-worth individuals. As such, they actively make markets in and trade financial instruments for their own account and for the accounts of customers in the ordinary course of their business. The financial services that Citigroup Inc. and/or its affiliates may provide also include providing or arranging financing and, as such, Citigroup Inc. and/or its affiliates may provide or arrange financing to the Risk Retention Holder (as to which see "Financing of the risk retention piece" below). As also described below, if it is a lender under any such retention financing (which is not currently envisaged to be the case in respect of any Retention Financing), Citigroup Inc. and/or its affiliates (in its capacity as a Retention Lender) could seek to enforce its security over all or some of the Risk Retention Notes subject to such Retention Financing and, directly or indirectly, take possession or sell such Risk Retention Notes to a third party. In addition, Citigroup Inc. and/or its affiliates may derive fees and other revenues from the provision or arrangement of any such financings.

In addition to the interests described in this Prospectus, the Arranger and the Joint Lead Managers may (i) from time to time be a Noteholder or have other interests with respect to the Notes and they may also have interests relating to other arrangements with respect to a Noteholder or a Note, or any other Transaction Party, (ii) receive (and will not have to account to any person for) fees, brokerage and commissions or other benefits and act as principal with respect to any dealing with respect to any Notes, (iii) purchase all or some of the Notes and resell them in individually negotiated transactions with varying terms, and (iv) be or have been involved in a broad range of transactions including, without limitation, banking, lending, advisory, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research in various capacities in respect of the Notes, the Issuer or any other Transaction Party or any related entity, both on its own account and for the account of other persons.

Prospective investors should be aware that (i) the Arranger and the Joint Lead Managers in the course of its business (including in respect of interests described above) may act independently of any Transaction Party, (ii) to the extent permitted by applicable law, the duties of the Joint Lead Managers in respect of the Notes are limited to the relevant contractual obligations set out in the Transaction Documents (if any) and, in particular, no advisory or fiduciary duty is owed to any person and the Joint Lead Managers shall have no any obligation to account to the Issuer, any Transaction Party or any Noteholder for any profit as a result of any other business that it may conduct with either the Issuer or any Transaction Party, (iii) the Joint Lead Managers may have or come into possession of certain information that may be relevant to any Transaction Party or to any potential investor in connection with the transaction described herein (the "**Relevant Information**"), (iv) to the extent permitted by applicable law the Joint Lead Managers are under no obligation to disclose any such Relevant Information to any Transaction Party or to any potential investor and this Prospectus and any subsequent conduct by the Joint Lead Managers should not be construed as implying that such person is not in possession of such Relevant Information, and (v) the Joint Lead Managers may have various potential and actual conflicts of interest arising in the ordinary course of its businesses, including in respect of the interests described above. For example, the Joint Lead Managers' dealings with respect to a Note and/or the Issuer or a Transaction Party, may affect the value of a Note.

Prior to the Closing Date, an affiliate of the Arranger and the Joint Lead Managers previously provided and currently provide the financing for Green Finance Solutions S.A., acting for and on behalf of its Compartment Omega. It is expected that each such financing will be partially repaid on or about the Closing Date by the borrower(s) thereof using the proceeds of sale received by the Sellers from the Issuer in respect of the

Portfolio. In acting as a lender or an arranger of such financing, the relevant affiliate of the Arranger and the Joint Lead Managers will act in their own commercial interests and will not be required to take into account the interests of the Noteholders or any other party. These interests may conflict with the interests of a Noteholder, and the Noteholder may suffer loss as a result. To the extent permitted by applicable law, the Joint Lead Managers are not restricted from entering into, performing or enforcing their respective rights in respect of the Transaction Documents, the Notes or the interests described above and may otherwise continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders, and the Joint Lead Managers may in so doing so act in their respective own commercial interests and without notice to, and without regard to, the interests of any such person.

Risks Resulting from Data Protection Rules

Since 25 May 2018, the Regulation (EU) 2015/679 of the European Parliament and of the Council of 27 April 2016 (the "**General Data Protection Regulation**") applies and, together with the Data Protection Amendment and Implementation Act (*Datenschutzanpassungs- und Umsetzungsgesetz*), which implements Directive (EU) 2016/680 of the European Parliament and the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data, replaced the German Federal Data Protection Act (*Bundesdatenschutzgesetz*).

Pursuant to the General Data Protection Regulation, a transfer of personal data is permitted, *inter alia*, if (i) the data subject has given consent to the processing of his or her personal data for one or more specific purposes or (ii) processing is necessary for the purposes of the legitimate interests pursued by the controller or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which require protection of personal data.

The assignment of the Purchased Receivables, however, is not structured in strict compliance with the guidelines for German true sale securitisations of bank assets set out in the circular 4/97 of the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*). In particular, these guidelines require a neutral entity to act as data trustee that is a public notary, a domestic credit institution or a credit institution having its seat in any member state of the European Union or any other state of the European Economic Area and being supervised pursuant to the EU Banking Directives. The Data Trustee does not fall into any of these categories. Arguably, the rationale for identifying regulated credit institutions and notaries as eligible data trustees is, besides their neutrality, their reliability in relation to the protection of data when handling personal data. Thus, the Issuer has been advised that there are good arguments to construe the term neutral entity for this purpose to include other entities having their seat in the European Union or European Economic Area if the relevant entity is equally neutral and reliable in relation to the handling of personal data which is also backed by the view of the German Federal Financial Supervisory Authority (cf. letter of the German Federal Financial Supervisory Authority of 14 December 2007, section capacity as data trustee, BA 37-FR 1903-2007/0001).

If the Issuer was considered to be in breach of the General Data Protection Regulation or the Data Protection Amendment and Implementation Act (*Datenschutzanpassungs- und Umsetzungsgesetz*), it could be fined up to EUR 20,000,000 or in the case of an undertaking, up to 4 % of the total worldwide annual turnover of the preceding financial year, whichever is higher (Article 83 paragraph 5 GDPR), and in case of such fines being substantial, this could have an impact on the ability of the Issuer to make payments on the Notes ultimately leading to a risk of the Noteholders to incur a loss.

Historical and other Information

The historical information set out in particular in "**DESCRIPTION OF THE PORTFOLIO**" reflects the historical experience and sets out the procedures applied by Enpal B.V., Enpal Heat GmbH and EFS Deutschland GmbH. However, the past performance of financial assets is no assurance as to the future performance of the Purchased Receivables. Any deterioration of the future performance of the Purchased Receivables, however, may result in the Issuer not receiving sufficient Collections to redeem part or all of the Notes.

Termination for Good Cause (Kündigung aus wichtigem Grund)

As a general principle of German law any contract providing for continuing obligations (*Dauerschuldverhältnis*) may be terminated for good cause (*wichtiger Grund*). This right may neither be entirely excluded, nor may it

be unreasonably exacerbated or linked to consent from a third party. As a consequence, if applicable, a Transaction Document governed by German law may be subject to termination for good cause (*wichtiger Grund*). This may apply even if the documents contain any limitations of the right of the parties to terminate for good cause (*wichtiger Grund*). Therefore, it cannot be ruled out that any Transaction Document governed by German law may be early terminated on such basis. In such case, the ability of the Issuer to meet its obligations under the Notes may be adversely affected until an appropriate replacement has been appointed.

IV. Risks related to regulatory changes

Risk retention and due diligence requirements

Investors, to which the Securitisation Regulation is applicable, should make themselves aware of the requirements of Article 5 of the Securitisation Regulation, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes.

The Securitisation Regulation replaced the former risk retention requirements by one single provision, Article 6 of the Securitisation Regulation, which provides for a new direct obligation on originators to retain risk. Article 5 (1)(c) of the Securitisation Regulation requires institutional investors as defined in Article 2 (12) of the Securitisation Regulation (which term also includes an insurance or reinsurance undertaking as defined in the Solvency II Regulation and an alternative investment fund manager as defined in the AIFM Regulation) to verify that, if established in the European Union, the originator, sponsor or original lender retains on an ongoing basis a material net economic interest in accordance with Article 6 of the Securitisation Regulation and the risk retention is disclosed to the institutional investor in accordance with Article 7(1)(e) of the Securitisation Regulation.

With respect to the commitment of Enpal B.V., in its capacity as original lender, to retain a material net economic interest with respect to the Transaction, following the issuance of Notes as contemplated by Article 6(3)(a) of the Securitisation Regulation, Enpal B.V., in its capacity as original lender, will retain, for the life of the Transaction, such net economic interest through an interest in not less than 5% of the total nominal value of each class of principal backed Notes sold or transferred to investors (the "**Risk Retention Notes**"). Such interest in not less than 5% of the total nominal value of each Class of Notes sold or transferred to investors has been and will be equivalent to no less than 5 per cent. of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the Transaction, on an ongoing basis *provided that* the level of retention may reduce over time in compliance with Article 10 (2) of the Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023. The Sellers in their capacity as servicers will service all of the retained exposures, the securitised exposures and comparable exposures held on their balance sheet in accordance with its customary practices in effect from time to time.

The outstanding balance of the retained exposures may be reduced over time by, amongst other things, amortisation and allocation of losses or defaults on the underlying Purchased Receivables. The Monthly Investor Reports will also set out monthly confirmation as to Enpal B.V. continued holding of the original retained exposures.

It should be noted that there is no certainty that references to the retention obligations of the Seller 1 in this Prospectus will constitute explicit disclosure (on the part of the Seller) or adequate due diligence (on the part of the Noteholders) for the purposes of Article 5 of the Securitisation Regulation.

Article 5 of the Securitisation Regulation places an obligation on institutional investors (as defined in the Securitisation Regulation) before investing in a securitisation and thereafter, to analyse, understand and stress test their securitisation positions and monitor on an ongoing basis in a timely manner performance information on the exposures underlying their securitisation positions. After the Issue Date, Enpal B.V., in its capacity as original lender, as designated reporting entity under Article 7 of the Securitisation Regulation, will prepare Monthly Investor Reports wherein relevant information with regard to the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller 1 in accordance with the Securitisation Regulation Disclosure Requirements and will make such information available via the Securitisation Repository.

Where the relevant retention requirements are not complied with in any material respect and there is negligence or omission in the fulfilment of the due diligence obligations on the part of a credit institution that is investing in the Notes, a proportionate additional risk weight of no less than 250 per cent. of the risk weight

(with the total risk weight capped at 1250 per cent.) which would otherwise apply to the relevant securitisation position will be imposed on such credit institution, progressively increasing with each subsequent infringement of the due diligence provisions.

If Enpal B.V. does not comply with its obligations under Article 6 of the Securitisation Regulation, the ability of the Noteholders to sell and/or the price investors receive for, the Notes in the secondary market may be adversely affected.

Following the issuance of the Notes, relevant investors, to which the Securitisation Regulation is applicable, are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with Article 5 of the Securitisation Regulation.

Noteholders should take their own advice and/or seek guidance from their regulator on compliance with, and the application of, the provisions of Article 6 of the Securitisation Regulation in particular.

On 17 June 2025 the European Commission published a proposal to amend the EU Securitisation Regulation and Regulation (EU) 2024/1623 of 31 May 2024 and commenced consultations on Delegated Regulation (EU) 2025/61 (together the "**Amendment Package**"). In December 2025, the Council and the Committee on Economic and Monetary Affairs provided a report setting out its view on the Amendment Package. On 20 May 2026, the European Parliament has adopted its Committee on Economic and Monetary Affairs compromise proposals on the Amendment Package. The Amendment Package suggests changes to Article 5 and Article 7 of the Securitisation Regulation. The European Commission, the Council and the European Parliament have entered into a trilogue to agree on the final content of the Amendment Package, which has not been concluded yet, so that at the date of this Prospectus, it cannot be predicted to what extent such changes will come into force. Hence, potential investors should seek professional advice on how an investment in the Notes may be affected by the Amendment Package.

Financing of the risk retention piece

On or after the Closing Date, Enpal B.V. may directly or indirectly obtain funding to finance its economic exposure (the "**Retention Financing**") in respect of some or all of the Risk Retention Notes required to be retained by it as original lender in compliance with Article 6 of the Securitisation Regulation and SECN 5.2.1(R) (as such legislation is in force on the Closing Date) (together the "**EU and UK Retention Requirements**"). Such financing will be on full recourse terms (with Enpal B.V. retaining the economic risk of the Risk Retention Notes) and is expected to involve the transfer of the legal and beneficial title to the Risk Retention Notes. The Retention Financing may be in the form of a repo transaction documented under a global master repurchase agreement. The scheduled term of the Retention Financing may be shortly after the Legal Maturity Date.

The Retention Financing may be provided by one or more Joint Lead Managers or certain of their affiliates and/or provided directly or indirectly by a funding vehicle which is a special purpose vehicle and any such party may derive fees and other revenues from the provision or arrangement of such financings (the "**Retention Lender**"). Although Enpal B.V. will transfer legal and beneficial title to the Risk Retention Notes to the Retention Lender as part of the Retention Financing, Enpal B.V. will retain the economic risk in the Risk Retention Notes but not legal ownership of them.

None of the Arranger, the Joint Lead Managers, the Sellers, the Issuer, the Security Trustee or any of their respective affiliates makes any representation, warranty or guarantee that the Retention Financing will comply with the EU and UK Retention Requirements.

In particular, should Enpal B.V. or the Retention Lender default in the performance of their respective obligations under the Retention Financing, or if the Retention Financing is otherwise terminated before its scheduled maturity, Enpal B.V. may not be entitled to have the Risk Retention Notes (or equivalent securities in respect thereof) retransferred to it and instead the Retention Financing will terminate on a cash settlement basis. In exercising its rights pursuant to the Retention Financing, the Retention Lender would not be required to have regard to the EU and UK Retention Requirements and in addition will have no duties or obligations to consider the effect of any such actions on the Noteholders. Any such termination of the Retention Financing may therefore cause the transaction described in this Prospectus to be non-compliant with the EU and UK Retention Requirements.

In such an event, Notes held by other Noteholders could be subject to an increased regulatory capital charge levied by a relevant regulator with jurisdiction over any such Noteholder and the price and liquidity of the Notes held by any Noteholders in the secondary market could be negatively impacted.

Securitisation Regulation and simple, transparent and standardised securitisation

Although the Transaction has been structured to comply with the requirements for simple, transparent and standardised securitisations transactions as set out in Articles 20, 21 and 22 of the Securitisation Regulation and the Transaction will be verified by STS Verification International GmbH on the Closing Date, there can be no guarantee that it maintains this status throughout its lifetime. Noteholders and potential investors should verify the current status of the Transaction on the website of ESMA. Non-compliance with such status may result in higher capital requirements for investors as an investment in the Notes would not benefit from Articles 243, 260, 262 and 264 of the CRR. Furthermore, following STS classification, any non-compliance could result in various administrative sanctions and/or remedial measures being imposed on the Issuer which may be payable or reimbursable by the Issuer. As the relevant Priority of Payments does not foresee a reimbursement of the Issuer for the payment of any of such administrative sanctions and/or remedial measures the repayment of the Notes may be adversely affected.

Prospective investors should carefully consider (and, where appropriate, take independent advice) in relation to the capital charges associated with an investment in the Notes. In particular, investors should carefully consider the capital charges associated with an investment in the Notes for credit institutions and investment firms, depending on the particular exposure. These effects may include, but are not limited to, a decrease in demand for the Notes in the secondary market, which may lead to a decreased price for the Notes. It may also lead to decreased liquidity and increased volatility in the secondary market. Prospective investors are themselves responsible for monitoring and assessing changes to the EU risk retention rules and their regulatory capital requirements.

Furthermore, a proposal for amendments to the Securitisation Regulation including amendments to the due diligence requirements have been published by the European Commission on 17 June 2025. As of the date of this Prospectus impact of the proposal on the Transaction cannot be fully assessed and Noteholders should seek their own advice on these proposals.

Investor compliance with due diligence requirements under the UK Securitisation Regulation

Following the UK's withdrawal from the EU at the end of 2020, the Securitisation Regulation as it applies in the United Kingdom (together with applicable directions, secondary legislation, guidance, binding technical standards and related documents published by the FCA and the PRA of the United Kingdom) (the "**UK Securitisation Regulation**") became applicable in the UK largely mirroring (with some adjustments) the securitisation regulation as it applied in the EU at the end of 2020. However, from 1 November 2024, the UK Securitisation Regulation is revoked and replaced with a new recast regime introduced under the Financial Services and Markets Act 2000, as amended ("**FSMA**") and related thereto (i) the Securitisation Regulations 2024 (SI 2024/102), as amended ("**SR 2024**"); as well as (ii) the Securitisation Part of the Prudential Regulation Authority (PRA) Rulebook (the "**PRA Securitisation Rules**") and the securitisation sourcebook ("**SECN**") of the Financial Conduct Authority (FCA) Handbook (collectively, the "**UK Securitisation Framework**"). The UK Securitisation Framework applies to this Transaction.

The reforms were introduced under the Financial Services and Markets Act 2023 as part of the "Edinburgh Reforms" of UK financial services unveiled on 9 December 2022. On 29 January 2024, HM Treasury made the SR 2024 which empowers the FCA and the PRA to make rules applicable to securitisation market participants. On 30 April 2024, the FCA Policy Statement 24/4: Rules relating to securitisation and the PRA Policy Statement 7/24 – Securitisation: General requirements were published. The new UK Securitisation Framework is being introduced in phases.

It should be noted that the implementation of the UK Securitisation Framework is a protracted process and will be introduced in phases. The first phase was the publication of the Financial Services and Markets Act 2023 (Commencement No 7) Regulations 2024 on 2 September 2024, which revoked the previous UK Securitisation Regulation regime and replaced it with the recast SR 2024 with effect from 1 November 2024. We note also that on 17 February 2026, both the FCA and the PRA published parallel consultations on possible changes to the securitisation rules in the UK. The deadline for responding to the consultations was on 18 May 2026. The consultation does not represent the final position, and no assurance can be given about the content of the final regulatory changes (if any) that may result from these proposed reforms.

Please note that some divergence between EU and UK regimes exists already. While the Recast UK SR regime bring some alignment with the EU regime, it also introduces new points of divergence and the risk of

further divergence between EU and UK regimes cannot be ruled out in the longer term as it is not known at this stage how the ongoing reforms or any future reforms will be finalised and implemented in the UK or the EU.

The UK Securitisation Framework includes investor due diligence requirements as prescribed under Article 5 of Chapter 2 of the PRA Securitisation Rules (the "**PRA Due Diligence Rules**"), SECN 4 (the "**FCA Due Diligence Rules**") and regulations 32B, 32C and 32D of the 2024 UK SR SI (the "**OPS Due Diligence Rules**"), with respect to occupational pension schemes with their main administration in the United Kingdom) (the "**UK Due Diligence Rules**"). Among other things, prior to holding a securitisation position, such institutional investors are required to verify certain matters with respect to compliance of the relevant transaction parties with credit granting standards, risk retention and transparency requirements and, on transactions notified as a simple, transparent and standardised securitisation, compliance of that transaction with the EU or UK STS requirements, as applicable. If the UK Due Diligence Rules are not satisfied then, depending on the regulatory requirements applicable to such UK institutional investors, an additional risk weight, regulatory capital charge and/or other regulatory sanction may be applied to such securitisation investment and/or imposed on such UK institutional investor.

In respect of the UK Due Diligence Rules, potential UK institutional investors (as defined in the UK Securitisation Framework) should note in particular that:

- in respect of the risk retention requirements set out in SECN 5.2.1(R) Enpal B.V., in its capacity as original lender, commits to retain a material net economic interest with respect to this Transaction in compliance with Article 6(3)(a) of the Securitisation Regulation and Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023 or any successor delegated regulation and contractually agrees to comply with SECN 5.2.1(R) for as long as the Notes are outstanding commits to retain a material net economic interest with respect to this Transaction in compliance with SECN 5.2.8(R)(1)(a) as in effect on the Closing Date, and
- in respect of the transparency requirements set out in SECN 6.2.1(R), Enpal B.V., in its capacity as designated reporting entity under Article 7 of the Securitisation Regulation will make use of the standardised templates developed by ESMA in respect of the Securitisation Regulation Disclosure Requirements for the purposes of this Transaction and will not make use of the standardised templates adopted by the FCA.

No assurance can be given that the information included in this Prospectus or provided in accordance with the Securitisation Regulation Disclosure Requirements will be sufficient for the purposes of assisting such UK institutional investors in complying with their due diligence obligations under the UK Due Diligence Rules. This is also relevant given the Amendment Package.

Therefore, relevant UK institutional investors are required to independently assess and determine the sufficiency of the information described in this prospectus for the purposes of complying with the UK Due Diligence Rules, and any corresponding national measures which may be relevant to investors, and no assurance can be given that this is the case. None of the Issuer, the Arranger, the Joint Lead Managers, the Security Trustee, the Servicers, the Sellers or any of the other Transaction Parties makes any representation that any such information described in this Prospectus is sufficient in all circumstances for such purposes.

The UK Securitisation Framework makes provisions for a securitisation transaction to be designated as an STS Securitisation. Under the UK Securitisation Framework, securitisation transactions which have been notified to ESMA as meeting the requirements to qualify as an STS Securitisation under the Securitisation Framework can also qualify as an STS Securitisation under the UK Securitisation Framework, provided that the securitisation transaction remains on the ESMA register and continues to meet the requirements for STS Securitisations under the securitisation regulation. This Transaction is not intended to be designated as an STS Securitisation for the purposes of the UK Securitisation Framework. Investors should therefore consider the consequence from a regulatory perspective of the Notes not being considered an STS Securitisation, including (but not limited to) that the lack of such designation may negatively affect the regulatory position of the Notes and, in addition, have a negative effect on the price and liquidity of the Notes in the secondary market.

U.S. Risk Retention

The Transaction will not involve risk retention for the purposes of the U.S. Risk Retention Rules, but rather will be made in reliance on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitisation transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned Affiliate or branch of the sponsor or issuer organised or located in the United States.

There can be no assurance that the exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure of the offering of the Notes to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action which may adversely affect the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with the risk retention requirements of the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Notes.

Reform of EURIBOR Determinations

EURIBOR qualifies as a benchmark (a "**Benchmark**") within the meaning of Regulation (EU) 2016/1011 of the European Parliament and of the Council on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EC and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**"), which is applicable since 1 January 2018. Currently, EURIBOR has been identified as a "critical benchmark" within the meaning of the Benchmarks Regulation. The Benchmarks Regulation applies to "contributors", "administrators" and "users" of benchmarks (such as EURIBOR) in the EU, and among other things, (i) requires benchmark administrators to be authorised and to comply with extensive requirements in relation to the administration of benchmarks and (ii) ban the use of benchmarks of unauthorised administrators. EURIBOR is administered by European Money Markets Institute which is registered in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") as at the date of this Prospectus. Should the European Money Markets Institute become de-registered from ESMA's register of administrators and benchmarks, there is a risk that the use of EURIBOR might be banned in accordance with the Benchmarks Regulation.

Furthermore, it is not possible to ascertain as at the date of this Prospectus (i) what the impact of the Benchmarks Regulation will be on the determination of EURIBOR in the future, which could adversely affect the value of the Notes, (ii) how changes in accordance with the Benchmarks Regulation may impact the determination of EURIBOR for the purposes of the Notes and the Hedging Agreement, (iii) whether any changes in accordance with the Benchmarks Regulation will result in a sudden or prolonged increase or decrease in EURIBOR rates or (iv) whether changes in accordance with the Benchmarks Regulation will have an adverse impact on the liquidity or the market value of the Notes and the payment of interest thereunder.

With effect from 3 December 2018, the European Money Markets Institute discontinued the publication of the two-week, two-month and nine-month EURIBOR tenors. Although thus far there has been no specific indication from the European Money Markets Institute that the one (1) month EURIBOR tenor, which is the reference rate for certain of the Notes, may also be phased out or discontinued during the life of the Notes, this cannot be ruled out as a possibility in the current regulatory climate.

Any consequential changes to EURIBOR as a result of the European Union, or other international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes could have a material adverse effect on the value of and return on the Notes. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain Benchmarks, trigger changes in the rules of methodologies used in certain Benchmarks, adversely affect the performance of a Benchmark or lead to the disappearance of certain

Benchmarks.

The Benchmarks Regulation as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the **"UK Benchmarks Regulation"**) contains similar requirements with respect to the UK, in particular the requirement for benchmark administrators to be authorised or registered (or, if non-UK-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and prevent certain uses by UK-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-UK based, deemed equivalent or recognised or endorsed). Pursuant to the Financial Services and Markets Act 2023 (Benchmarks and Capital Requirements) (Amendment) Regulations 2023, the transitional period for third country benchmarks has been extended from 31 December 2025 to 31 December 2030.

Basel Capital Accord and regulatory capital requirements

The European authorities have incorporated the Basel III framework into EU law, primarily through Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directive 2006/48/EC and 2006/49/EC (Capital Requirements Directive – **"CRD"**), as amended by Directive (EU) 2019/878 of 20 May 2019 (the **"CRD V"**) and Directive (EU) 2024/1619 of 31 May 2024 (the **"CRD VI"**), and the CRR, as amended by Regulation (EU) 2019/876 of 20 May 2019 (the **"CRR II"**) and Regulation (EU) 2024/1623 of 31 May 2024 (the **"CRR III"**). The CRR III has applied, in large part, from 1 January 2025, subject to a transitional implementation of the output floor. Measures implementing the CRD VI are to be adopted at various times since 11 January 2026.

CRR III implements changes to the output floor which had been introduced to reduce excessive variability of banks' capital requirements calculated with internal models. The output floor will be implemented on a transitional basis starting with 50% as of 1 January 2025 and ending with 72.5% from 1 January 2030 onwards. CRR III also implements changes to the p-factor, for exposures that are risk weighted using the SEC-IRBA or the Internal Assessment Approach and, which shall, until 31 December 2032, apply the following factor p: (a) $p = 0,25$ for a STS transaction (b) $p = 0,5$ for non-STS transaction. Further key changes of CRR III are changes to the risk weight provisions.

Additionally, Delegated Regulation (EU) No 2015/61 of 10 October 2014 (the **"LCR Regulation"**) sets out assumed asset inflow and outflow rates to better reflect actual experience in times of stress. On 19 November 2018, Delegated Regulation (EU) 2018/1620 amending the LCR Regulation entered into force, pursuant to which, inter alia, transactions exposures of securitisations, which qualify as simple, transparent and standardised securitisations in accordance with the Securitisation Regulation, shall qualify as Level 2B high quality liquid assets, if they additionally fulfil the conditions laid down in Article 13 of the LCR Regulation.

The CRR III and the CRD VI could affect the risk-based capital treatment of the Notes for investors which are subject to bank capital adequacy requirements under these provisions or implementing measures and may have negative implications on the cost of regulatory capital for certain investors and thereby on the overall return from an investment of the Notes and the liquidity of the Notes. Therefore, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them by the CRR III and the CRD VI and its amendments. No predictions can be made as to the precise effects of such matters on any investor or otherwise. There can be no guarantee that the regulatory capital treatment of the Notes for investors will not be affected by any future implementation of and changes to the CRR III and the CRD VI, or other regulatory or accounting changes.

The Amendment Package suggests changes to the CRR III and the LCR Regulation. The European Commission, the Council and the European Parliament have entered into a trilogue to agree on the final content of the Amendment Package, which has not been concluded yet, so that at the date of this Prospectus it cannot be predicted to what extent such changes will come into force. Hence, potential investors should seek professional advice on how an investment in the Notes may be affected by the Amendment Package.

V. Risks related to taxation

The Common Reporting Standard

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation (**"DAC II"**) implements the Common Reporting Standard (**"CRS"**) in a European context and creates a mandatory obligation for all EU

Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis.

For the purposes of complying with its obligations under CRS and DAC II, if any, the Issuer shall be entitled to require Noteholders to provide any information regarding their and, in certain circumstances, their controlling persons' tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II and Noteholders will be deemed, by their holding, to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to the relevant tax authorities who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure by the Issuer to comply with its CRS and DAC II obligations, if any, may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed as a result under applicable law. Such monetary penalties may lead to an inability of the Issuer to pay fully or partially interest on the Notes and or to redeem part or all of the Notes.

Taxes on income in Germany

A foreign corporation is subject to unlimited German resident taxation if it maintains its place of effective management and control (*Geschäftsleitung*) in Germany. As a consequence, the foreign corporation would be subject to German resident taxation on its worldwide income, unless certain branch income is tax-exempt according to the provision of any applicable tax treaty. The determination of where the place of effective management and control is located is based on factual circumstances and cannot be made with scientific accuracy. If the German tax authorities and German fiscal courts come to the conclusion that the Issuer maintains its effective place of management and control in Germany, the Issuer's worldwide income would be subject to German corporate income and trade tax except for non-German branch income which is tax-exempted according to the provision of any applicable tax treaty; ancillary charges might be assessed additionally.

A foreign corporation that does not maintain its effective place of management and control in Germany may become subject to German corporate income tax if it maintains a permanent establishment (*Betriebsstätte*), in which case it might also become subject to German trade tax, or has a permanent representative (*ständiger Vertreter*) in Germany. The Issuer does not maintain any business premises or office facilities in Germany. In addition, the servicing activities of the Servicers should not constitute business being rendered for, and subject to the directions of, the Issuer on a permanent basis so that the Issuer would not have a permanent representative in Germany (*ständiger Vertreter*) due to the collection services of the Servicers. The competent German tax authorities are still in the process of determining which elements of the activities of a foreign entity (including having its receivables serviced by a German entity) may create a permanent establishment or a permanent representative of such entity pursuant to German domestic law. Should the German tax authorities and German fiscal courts come to the conclusion that the Issuer maintains a permanent establishment (*Betriebsstätte*) or has a permanent representative (*ständiger Vertreter*) in Germany, all income attributable to the functions rendered by the Servicers would be subject to German corporate income tax; plus ancillary charges (if any) and German trade tax, in case of a permanent establishment in Germany. Such income might include all refinancing income and expenses of the Issuer and, therefore, the earnings-stripping rule might apply to the interest payable on the issued Notes. Furthermore, if and to the extent that the respective Notes are held by Noteholders which are (tax) resident in a non-cooperative country or territory, payments under the Notes may not be deductible for German income tax purposes at the level of the Issuer from 2025 onwards under the German act to prevent tax evasion and unfair tax competition (*Steueroasen-Abwehrgesetz*).

Any German corporate income tax or trade tax amounts paid by the Issuer to the German tax authorities would reduce the amounts available for payments under the Notes.

Value Added Tax

The VAT position of a foreign Issuer in an ABS-transaction with a German originator was not subject to a decision of the German fiscal courts yet. If the German tax authorities and the German fiscal courts came to the conclusion that the transaction qualifies as a taxable factoring supplied by the Issuer to the Sellers, the difference between the nominal value of the sold receivables and the purchase price would be subject to German VAT. The persons liable for such German VAT would be the Sellers unless the Issuer would be treated as maintaining its effective place of management and control or a permanent establishment in

Germany; please refer to the preceding paragraph "Taxes on Income in Germany" for such risk factor. Should the Issuer be treated as maintaining its effective place of management and control or a permanent establishment in Germany, the Issuer would be the person liable for such German VAT at a VAT rate of 19% calculated on the difference between the nominal value of the sold receivables and the purchase price. Any VAT amounts paid by the Issuer to the German tax authorities not being recoverable from the Sellers would reduce the amounts available for payments under the Notes.

If – after a Servicer Termination Event – the transaction is not classified as factoring by the German tax authorities and the servicing of the Receivables is assumed by a German back-up servicer then the servicing would attract German VAT if the place of supply of such services is in Germany (either because the Issuer would not be deemed as a taxable person for German VAT purposes and/or would be treated as maintaining its effective place of management or a permanent establishment within the meaning of German VAT law in Germany). In such case the Issuer would not be entitled to a credit or refund of input VAT if it does not qualify as a taxable person for German VAT purposes.

U.S. Foreign Account Tax Compliance Act

When dealing with cases with a US connection the regulations of the Foreign Account Tax Compliance Act ("**FATCA**") could apply. Under the FATCA regime and the corresponding local regulations in Luxembourg, and Germany specific financial and non-financial institutions are required to exchange tax relevant information with the US tax authorities. A non-compliance with such reporting obligations can result in a duty to withhold 30 per cent. U.S. withholding tax on, inter alia, interest and other fixed or determinable annual or periodical income of persons or entities taxable in the US. However, if an amount in respect of such withholding tax were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors in the Notes may receive less interest or principal than expected.

ATAD Laws

The Issuer is liable to Luxembourg corporate income tax on its worldwide net profits. The Luxembourg laws of 21 December 2018, which implements the Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market (commonly known as "**ATAD**") and the Luxembourg law of 20 December 2019 implementing the Council Directive (EU) 2017/952 of 29 May 2019 regarding hybrid mismatches with third countries (commonly known as ATAD 2), together known as the "**ATAD Laws**", introduced new tax measures into Luxembourg law, including among others a limitation as regards so-called "exceeding borrowing costs" and hybrid mismatch rules. Whilst certain exemptions and safe harbour provisions (for example, exceeding borrowing costs up to 3 million euro will always remain deductible) exist in relation to the limitation of exceeding borrowing costs, these new rules may in certain situations result in the limitation respectively the denial of the deduction of payments to investors for Luxembourg tax purposes, which may adversely affect the income tax position of the Issuer and as such affect generally its ability to make payments to the holders of the Notes. According to the December infringement package published by the European Commission on 2 December 2021, the European Commission sent a reasoned opinion to Luxembourg asking it to correctly transpose the ATAD into its local laws regarding the treatment of securitisation vehicles subject to and compliant with the Securitisation Regulation. Under current Luxembourg law and contrary to the wording of the ATAD, securitisation companies covered by the Securitisation Regulation are excluded from the scope of the interest deduction limitation rules. The reasoned opinion follows a formal notice sent to Luxembourg on 14 May 2020. In response, Luxembourg adopted a bill of law on 9 March 2022 to remove securitisation vehicles subject to and compliant with the Securitisation Regulation from the list of financial undertakings that are out of scope of the interest deduction limitation rule as from 1 January 2023. The outcome of such bill of law, and the impacts on the Issuer, if any, as well as whether such outcome/impacts ultimately will or will not have a retroactive effect remain uncertain and may as such negatively impact this Prospectus or alter the tax position of the Issuer.

In any case, clarifications as regards the ATAD Laws and their interpretation may be enacted after the date of this Prospectus, possibly with retroactive effect, and could alter the tax position of the Issuer. In addition, the Issuer may take positions with respect to certain tax issues resulting from the ATAD Laws which may depend on legal conclusions not yet resolved by the courts. Should any such positions be successfully

challenged by the applicable tax authority, there could be a materially adverse effect on the Issuer and its ability to make payments to the holders of the Notes.

Therefore, prospective holders of the Notes should make an investment decision only after careful consideration, with its independent advisers, as to the consequences of the ATAD Laws and its potential impacts on the Issuer.

DEBRA Directive Proposal

Further, on 11 May 2022, the Council of the European Union published the proposal for a Council Directive on laying down rules on a debt-equity bias reduction allowance and on limiting the deductibility of interest for corporate income tax purposes ("**DEBRA Directive Proposal**"). The DEBRA Directive Proposal aims, amongst other things, to introduce a limitation on "exceeding borrowing costs", as defined in ATAD, up to 85%. The interest deduction limitation rule under the DEBRA Directive Proposal would be applicable prior to the ATAD interest deduction limitation rule and the taxpayer would only be entitled to deduct the lower of the deductible exceeding borrowing costs under, respectively, the DEBRA Directive Proposal and the ATAD in any tax period. Any difference between the higher and lower amount of exceeding borrowing costs would then be carried forward or back to the extent permitted under ATAD. However, securitisation companies covered by and compliant with Article 2 point 2 of the EU Securitisation Regulation are excluded from the scope of the current version of the DEBRA Directive Proposal.

The DEBRA Directive Proposal is still subject to negotiation and might be amended in the future. In addition, the implementation into local laws of the final text of the DEBRA Directive Proposal remains unknown. Consequently, the possible impacts of the DEBRA Directive Proposal on the Issuer is currently uncertain.

GREEN BOND PRINCIPLES

The Green Bond Principles are voluntary process guidelines that recommend transparency and disclosure and promote integrity in the development of the green bond market by clarifying the approach for issuance of a green bond. The Green Bond Principles are intended for broad use by the market: they provide issuers with guidance on the key components involved in launching a credible green bond; they aid investors by promoting availability of information necessary to evaluate the environmental impact of their green bond investments; and they assist underwriters by offering vital steps that will facilitate transactions that preserve the integrity of the market. The Green Bond Principles recommend a clear process and disclosure for issuers, which investors, banks, underwriters, arrangers, placement agents and others may use to understand the characteristics of any given green bond. The Green Bond Principles emphasise the required transparency, accuracy and integrity of the information that will be disclosed and reported by issuers to stakeholders through core components and key recommendations. The four core components for alignment with the Green Bond Principles are:

- (a) **Use of proceeds:** the utilisation of the proceeds of the bond for eligible green projects, which should be appropriately described in the legal documentation of the security. All designated eligible green projects should provide clear environmental benefits, which will be assessed and, where feasible, quantified by the issuer. Eligible green projects, for these purposes are non-exhaustively listed in the Green Bond Principles and include the production and transmission of renewable energy, as well as appliances and products related to renewable energy.
- (b) **Process for project evaluation and selection:** issuers of green bonds should clearly communicate to investors the environmental sustainability objectives of the eligible green projects; the process by which the issuer determines how the projects fit within the eligible green projects categories; and complementary information on processes by which the issuer identifies and manages perceived social and environmental risks associated with the relevant project(s).
- (c) **Management of proceeds:** the net proceeds of the bonds should be tracked in an appropriate manner (per bond or on an aggregated basis for multiple green bonds) and this should periodically be adjusted and disclosed to the investors.
- (d) **Reporting:** issuers should make, and keep, readily available up to date information on the use of proceeds to be renewed annually until full allocation, and on a timely basis in case of material developments. The annual report should include a list of the projects to which green bond proceeds have been allocated, as well as a brief description of the projects, the amounts allocated and their expected impact.

In June 2022 Appendix I to the Green Bond Principles was published noting that there were currently four types of green bonds:

- (a) Standard Green Use of Proceeds Bonds;
- (b) Green Revenue Bond;
- (c) Green Project Bonds; and
- (d) Secured Green Bonds: being secured bonds where the net proceeds will be exclusively applied to finance or refinance either:
 - (i) green project(s) securing the specific bond only (a "**Secured Green Collateral Bond**"); or
 - (ii) green project(s) of the issuer, originator or sponsor, where such green projects may or may not be securing the specific bond in whole or in part (a "**Secured Green Standard Bond**"). A Secured Green Standard Bond may be a specific class or tranche of a larger transaction.

The Notes are aligned with the Green Bond Principles, as "Secured Green Collateral Bond".

Reporting

In alignment with industry best practices, the Issuer commits to transparent reporting on the deployment of funds and the potential impacts of its investments. After the Closing Date, the Servicer 1 shall publish information in respect of the whole portfolio of receivables reflecting, among other things, the net outstanding principal balance and information on the environmental performance of such receivables on an annual basis.

The information on the environmental performance of the receivables shall reflect greenhouse gas (GHG) emissions reduced or avoided in tonnes of CO₂ equivalent, renewable energy generation in MWh/GWh and the additional capacity of renewable energy plants constructed in MW.

External review

The Issuer has engaged the Certifier to issue the Opinion. The Opinion includes opinions relating to the alignment of the Notes with the Green Bond Principles. The Opinion confirms that the Purchased Receivables fall under the category of "Renewable Energy" pursuant to the Green Bond Principles. For the category "Renewable Energy", *inter alia*, the solar systems, heat pump systems and the wall boxes for charging EVs and the appropriate technical infrastructure such as inverters and smart meters have been considered. Pursuant to the Opinion, the product and/or service-related to the use of proceeds category individually contributes to the following sustainability development goals: "affordable and clean energy" and "climate action". The Opinion has taken the following eligibility criteria into account:

- The assets are located in Germany, where high labor, health and safety standards are in place;
- financed assets will lead to a substantial energy efficiency improvement;
- measures are in place to systematically ensure that solar systems financed features take back for reuse for functional PV modules and recycling at the end of life if defective. Batteries and inverters are refurbished internally and defective components are recycled by the Sellers' partners;
- a supplier code of conduct is in place, ensuring that all purchased systems meet high environmental standards and requirements in the supply chain;
- measures are in place systematically ensuring that assets financed provide for monitoring technologies ensuring high operational standards;
- measures are in place systematically ensuring that assets financed have high operational safety standards (e.g., remote monitoring inspections, batteries with implemented fire extinguisher systems in place, inverters with built-in overheating protection);
- measures are in place to ensure clients do not face unfavorable conditions as a result of the sale if loans are sold to investors; and
- measures are in place systematically ensuring that assets financed provide for pre-emptive actions to prevent client debt repayment problems as all loans are issued with fixed-term interest rates. Only customers with high SCHUFA (German credit bureau) scores are eligible.

The Opinion is only current as at its date may not reflect the potential impact of all risks related to the structure, market, additional risk factors discussed above and other factors that may affect the value of the Notes. The Opinion is for information purposes only and the Certifier does not accept any form of liability for the substance of its analysis and/or any liability for damage arising from the use of the analysis and/or the information provided therein.

The Opinion as described above is published on or about the announcement date on the website of the Securitisation Repository. For the avoidance of doubt, the website of the Securitisation Repository and the contents of that website do not form part of this Prospectus.

- (c) The interest rate on the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes and the Class R Notes shall at any time be at least zero.

4.3 Interest Amount

- (a) On each EURIBOR Determination Date, the Interest Determination Agent determines the applicable EURIBOR for the Interest Period following such EURIBOR Determination Date and communicates such rate to the Cash Manager.

The Interest Amount payable on each Note (except for the Class R Notes) for the immediately following Interest Period shall be calculated by multiplying the relevant Interest Rate for the relevant Interest Period by the relevant Day Count Fraction and by the relevant Note Principal Amount (as outstanding at the end of the immediately preceding Payment Date or, in case of the first Interest Period, the Closing Date) and rounding the result to the nearest EUR 0.01 (with EUR 0.005 being rounded upwards) as determined by the Interest Determination Agent.

The aggregate Interest Amount payable on each Class of Notes shall be equal to the Interest Amount payable per Note multiplied by the number of Notes of the respective Class of Notes. Such aggregate Interest Amount shall be calculated by the Interest Determination Agent (including any Unpaid Interest).

- (b) **"EURIBOR"** for each Interest Period shall mean the rate for deposits in euro for a period of one month (with respect to the first Interest Period, the linear interpolation between one month and three months) which appears on Reuters screen page EURIBOR01 (or such other page as may replace such page on that service for the purpose of displaying Euro-zone inter-bank offered rate quotations of major banks) as of 11:00 a.m. (Brussels time) on the second Business Day immediately preceding the commencement of such Interest Period (each, a **"EURIBOR Determination Date"**), all as determined by the Interest Determination Agent.
- (c) If Reuters screen page EURIBOR01 is not available or if no such quotation appears thereon, in each case as at such time, the Issuer (acting on the advice of the Servicer 1 with the Interest Determination Agent consultation), shall request the principal Euro-zone office of the Reference Banks selected by it to provide the Interest Determination Agent with its offered quotation (expressed as a percentage rate per annum) for one-month deposits (with respect to the first Interest Period, the linear interpolation between one month and three months) in euro at approximately 11:00 a.m. (Brussels time) on the relevant EURIBOR Determination Date to prime banks in the Euro-zone inter-bank market for the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time. If two or more of the selected Reference Banks provide the Interest Determination Agent with such offered quotations, EURIBOR for such Interest Period shall be the arithmetic mean of such offered quotations (rounded if necessary to the nearest one thousandth of a percentage point, with 0.000005 being rounded upwards). If on the relevant EURIBOR Determination Date fewer than two of the selected Reference Banks provide the Interest Determination Agent with such offered quotations, EURIBOR for such Interest Period shall be the rate per annum which the Interest Determination Agent determines as being the arithmetic mean (rounded if necessary to the nearest one thousandth of a percentage point, with 0.000005 being rounded upwards) of the rates communicated to the Interest Determination Agent by major banks in the Euro-zone, selected by the Issuer (acting on the advice of the Servicer 1 with the Interest Determination Agent consultation), at approximately 11:00 a.m. (Brussels time) on such EURIBOR Determination Date for loans in euro to leading European banks for such Interest Period and in an amount that is

representative for a single transaction in that market at that time. "Reference Banks" shall mean four major banks in the Euro-zone inter-bank market.

- (d) In the event that the Interest Determination Agent is on any EURIBOR Determination Date required but unable to determine EURIBOR for the relevant Interest Period in accordance with the above for any reason other than as described under (e) below, EURIBOR for such Interest Period shall be EURIBOR as determined on the previous EURIBOR Determination Date.
- (e) If there has been a public announcement of the permanent or indefinite discontinuation of EURIBOR that applies to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, Class E Notes and the Class X Notes at that time (the date of such public announcement being the "**Relevant Time**"), the Issuer (acting on the advice of the Servicer 1) shall, without undue delay, use commercially reasonable endeavours to propose an Alternative Base Rate in accordance with Condition 17.2 (*Modifications*) (the "**Relevant Condition**"). Any determination, decision or election that may be made by the Issuer (acting on the advice of the Servicer 1) in relation to the Alternative Base Rate pursuant to this Condition and Condition 17.2 (*Modifications*) including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding to the Noteholders.

4.4 Unpaid Interest

- (a) Subject to condition 5.3 below any Unpaid Interest shall become due and payable on the next Payment Date and on any following Payment Date (subject to Condition 3.3 (*Limited Recourse*)) until it is reduced to zero. Interest shall not accrue on Unpaid Interest at any time.
- (b) For the avoidance of doubt, any failure to pay interest on the Most Senior Class of Notes shall constitute (where such default is not remedied within five (5) Business Days) an Issuer Event of Default.

4.5 Notification of Interest Rate and Interest Amount

- (a) The Interest Determination Agent will, promptly after their determination but in no event later than on the first day of the relevant Interest Period, by way of including such information in each Monthly Investor Report, notify each Interest Rate, the aggregate Interest Amount of all Class A Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes and Class X Notes, the Interest Amount payable on each Note, and the relevant Payment Date to the Issuer, the Paying Agent, the Sellers, the Noteholders and, if required by the rules of any stock exchange on which any of the Notes are from time to time listed, to such stock exchange.
- (b) Each aggregate Interest Amount and Payment Date so notified may subsequently be corrected (or appropriate alternative arrangements made by way of adjustment) without notice in the event of a subsequent extension or shortening of the Interest Period. Any such amendment will be promptly notified in accordance with Condition 4.5(a).

4.6 Determinations Binding

All certificates, communications, opinions, determinations, calculations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4 by the Interest Determination Agent shall (in the absence of manifest error) be binding on the Issuer, the Paying Agent, the Cash Manager and the Noteholders. The Interest Determination Agent shall act solely as agent for the Issuer and shall not have any agency or Security Trustee relationship or any relationship of a fiduciary nature with the Noteholders.

4.7 Default Interest

Default interest will be determined in accordance with this Condition 4. Section 288 para. 1 BGB is hereby derogated, to the extent it limits this Condition 4.7. This does not affect any additional rights that may be available to the Noteholders.

 - (viii) the waiver or restriction of Noteholders' rights to terminate the Notes of such Class;
 - (ix) the substitution of the Issuer;
 - (x) the appointment or removal of a common representative for the Noteholders of such Class; and
 - (xi) the amendment or rescission of ancillary provisions of the Notes of such Class.
- (d) Resolutions shall be passed by simple majority of the votes cast. Resolutions relating to material amendments to these Terms and Conditions, in particular to provisions relating to the matters specified in Condition 17 (*Resolution of the Noteholders*) items (c)(i) through (xi) above, require a majority of not less than 75% of the votes cast (a "**qualified majority**").
- (e) Noteholders of the relevant Class may pass resolutions by vote taken without a meeting.
- (f) Each Noteholder participating in any vote shall cast votes in accordance with the nominal amount or the notional share of its entitlement to the outstanding Notes of the relevant Class. As long as the entitlement to the Notes of the relevant Class lies with, or the Notes of the relevant Class are held for the account of, the Issuer or any of its affiliates (Section 271 (2) of the German Commercial Code (*Handelsgesetzbuch*)), the right to vote in respect of such Notes shall be suspended. The Issuer may not transfer Notes, of which the voting rights are so suspended, to another person for the purpose of exercising such voting rights in the place of the Issuer; this shall also apply to any affiliate of the Issuer. No person shall be permitted to exercise such voting right for the purpose stipulated in sentence 3, first half sentence, herein above.
- (g) No person shall be permitted to offer, promise or grant any benefit or advantage to another person entitled to vote in consideration of such person abstaining from voting or voting in a certain way.
- (h) A person entitled to vote may not demand, accept or accept a promise of, any benefit, advantage or consideration for abstaining from voting or voting in a certain way.
- (i) The Noteholders of any Class may by qualified majority resolution appoint a common representative (*gemeinsamer Vertreter*) ("**Noteholders' Representative**") to exercise rights of the Noteholders of such Class on behalf of each Noteholder. Any natural person having legal capacity or any qualified legal person may act as Noteholders' Representative. Any person who:
 - (i) is a member of the management board, the supervisory board, the board of directors or any similar body, or an officer or employee, of the Issuer or any of its affiliates;
 - (ii) holds an interest of at least 20% in the share capital of the Issuer or of any of its affiliates;
 - (iii) is a financial creditor of the Issuer or any of its affiliates, holding a claim in the amount of at least 20% of the outstanding Notes of such Class, or is a

member of a corporate body, an officer or other employee of such financial creditor; or

- (iv) is subject to the control of any of the persons set forth in sub-paragraphs (i) to (iii) above by reason of a special personal relationship with such person,

must disclose the relevant circumstances to the Noteholders of such Class prior to being appointed as a Noteholders' Representative. If any such circumstances arise after the appointment of a Noteholders' Representative, the Noteholders' Representative shall inform the Noteholders of the relevant Class promptly in appropriate form and manner.

If the Noteholders of different Classes appoint a Noteholders' Representative, such person may be the same person as is appointed Noteholders' Representative of such other Class.

- (j) The Noteholders' Representative shall have the duties and powers provided by law or granted by majority resolution of the Noteholders of the relevant Class. The Noteholders' Representative shall comply with the instructions of the Noteholders of the relevant Class. To the extent that the Noteholders' Representative has been authorised to assert certain rights of the Noteholders of the relevant Class, the Noteholders of such Class shall not be entitled to assert such rights themselves, unless explicitly provided for in the relevant majority resolution. The Noteholders' Representative shall provide reports to the Noteholders of the relevant Class on its activities.
- (k) The Noteholders' Representative shall be liable for the performance of its duties towards the Noteholders of the relevant Class who shall be joint and several creditors (*Gesamtgläubiger*); in the performance of its duties it shall act with the diligence and care of a prudent business manager. The liability of the Noteholders' Representative may be limited by a resolution passed by the Noteholders of the relevant Class. The Noteholders of the relevant Class shall decide upon the assertion of claims for compensation of the Noteholders of such Class against the Noteholders' Representative.
- (l) Each Noteholders' Representative may be removed from office at any time by the Noteholders of the relevant Class without specifying any reasons. Each Noteholders' Representative may demand from the Issuer to furnish all information required for the performance of the duties entrusted to it. The Issuer shall bear the costs and expenses arising from the appointment of each Noteholders' Representative, including reasonable remuneration of such Noteholders' Representative.

16.2 Modifications

The Security Trustee shall be obliged, without any consent or sanction of the Noteholders, and any of the other Secured Creditors, to concur with the Issuer in making any modification to the Security Trust Agreement, the Terms and Conditions of the Notes or any other Transaction Document to which it is a party or in relation to which it holds security that the Issuer considers necessary:

- (a) for the purpose of changing EURIBOR that then applies in respect of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes, respectively, to an alternative base rate (any such rate, an "**Alternative Base Rate**") and making such other amendments as are necessary or advisable in the commercially reasonable judgment of the Issuer (or the Servicer 1 on its behalf, including, without limitation, the application of an Adjustment Spread) to facilitate such change (a "**Base Rate Modification**"), provided that the Servicer 1, on behalf of the Issuer, certifies to the Security Trustee in writing (such certificate, a "**Base Rate Modification Certificate**") that:
 - (i) such Base Rate Modification is being undertaken due to:
 - (1) a material disruption to EURIBOR or EURIBOR ceasing to exist or be published;

- (2) a public statement by the EURIBOR administrator that it will cease publishing EURIBOR permanently or indefinitely (in circumstances where no successor EURIBOR administrator has been appointed that will continue publication of EURIBOR);
- (3) a public statement by the supervisor of the EURIBOR administrator that EURIBOR has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner;
- (4) a public announcement of the permanent or indefinite discontinuation of EURIBOR that applies to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes, respectively, at such time;
- (5) a public statement by the supervisor for the EURIBOR administrator that means EURIBOR may no longer be used or that its use is subject to restrictions or adverse consequences; or
- (6) the reasonable expectation of the Servicer 1 that any of the events specified in sub-paragraphs (1) through (5) above will occur or exist within six months,

and, in each case, such modification is required solely for such purpose and it has been drafted solely to such effect; and

(ii) such Alternative Base Rate is:

- (1) a base rate published, endorsed, approved or recognised by the relevant regulatory authority or any stock exchange on which the Notes are listed or any relevant committee or other body established, sponsored or approved by any of the foregoing;
- (2) a base rate utilised in a material number of publicly-listed new issues of Euro denominated asset backed floating rate notes prior to the effective date of such Base Rate Modification;
- (3) such other base rate as the Servicer 1 reasonably determines,

and:

- (4) in each case, the change to the Alternative Base Rate will not, in the Servicer 1's opinion, be materially prejudicial to the interest of the Noteholders; and
- (5) for the avoidance of doubt, the Servicer 1 may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 16.2(a) are satisfied;

- (b) for the purpose of changing the base rate that then applies in respect of the Hedging Agreement to an alternative base rate as is necessary or advisable in the commercially reasonable judgment of the Issuer (or the Servicer 1 on its behalf) and the Interest Rate Hedge Provider solely as a consequence of a Base Rate Modification and solely for the purpose of aligning the base rate of the Hedging Agreement to the base rate of the floating rate Notes following such Base Rate Modification (a "**Interest Rate Hedge Modification**"), provided that the Servicer 1, on behalf of the Issuer, certifies to the Security Trustee in writing that such modification is required solely for such purpose and it has been drafted solely to such effect (such certificate being a "**Interest Rate Hedge Modification Certificate**");

provided that, in the case of any modification made pursuant to sub-paragraph (i) and (ii) above:

- (i) at least 30 days' prior written notice of any such proposed modification has been given to the Security Trustee;
 - (ii) the Base Rate Modification Certificate or the Interest Rate Hedge Modification Certificate, as applicable, in relation to such modification is provided to the Security Trustee, and the Agents (with the right to rely on the relevant certificate) both at the time the Security Trustee, and the Agents are notified of the proposed modification in accordance with sub-paragraph (i) above and on the date that such modification takes effect;
 - (iii) the consent of each Secured Creditor (other than the Noteholders) which is party to the relevant Transaction Document (with respect to a Base Rate Modification or an Interest Rate Hedge Modification, any Transaction Document proposed to be amended by such Base Rate Modification or Interest Rate Hedge Modification, as applicable) or which has a right to consent to such modification pursuant to the provisions of the relevant Transaction Document, has been obtained;
 - (iv) the person who proposes such modification (being, in the case of a Base Rate Modification or an Interest Rate Hedge Modification, the Servicer 1) pays (or arranges for the payment of) all fees, costs and expenses (including legal fees) properly incurred by the Issuer and the Security Trustee and each other applicable party including, without limitation, any of the Agents and the Account Bank, in connection with such modifications;
 - (v) the Issuer certifies in writing to the Security Trustee that it has notified each Rating Agency of the proposed modification and, in its reasonable opinion, formed on the basis of due consideration and consultation with each Rating Agency (including, as applicable, upon receipt of oral confirmation from an appropriately authorised person at each Rating Agency), such modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes, respectively, or by each Rating Agency or (y) such Rating Agency placing the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes, respectively, on rating watch negative (or equivalent); and
 - (vi) the Issuer has provided at least 30 days' prior written notice to the Noteholders of each Class of Notes of the proposed modification in accordance with Condition 15 (*Form of Notices*). If Noteholders representing at least 10 per cent. of the then Aggregate Outstanding Note Principal Amount of the Most Senior Class of Notes have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which the relevant Notes are held) that they do not consent to the proposed Base Rate Modification, then such Base Rate Modification will not be made unless a resolution of the Noteholders of the Most Senior Class of Notes has been passed in favour of such Base Rate Modification in accordance with Condition 16.1 by a qualified majority of the Noteholders of the Most Senior Class of Notes, provided that objections made in writing to the Issuer other than through the applicable clearing system must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Noteholders' holding of the Most Senior Class of Notes.
- (c) For the avoidance of doubt, until such resolution is passed and until an Alternative Base Rate is determined accordingly, the Interest Determination Agent shall use (i) the rate per annum which the Interest Determination Agent determines as being the arithmetic mean (rounded if necessary to the nearest one thousandth of a percentage point, with 0.000005 being rounded upwards) of the rates communicated to the Interest Determination Agent by

major banks in the Euro-zone, selected by the Issuer (acting on the advice of the Servicer 1 with the Interest Determination Agent consultation), at approximately 11:00 a.m. (Brussels time) on such EURIBOR Determination Date for loans in euro to leading European banks for such Interest Period and in an amount that is representative for a single transaction in that market at that time or (ii), if the Interest Determination Agent is unable to make such determination for the relevant Interest Period in accordance with (i), the EURIBOR as determined on the last Interest Determination Date on which EURIBOR was still available. The Security Trustee shall not be obliged to agree to any modification under this Condition 16.2 which, in the sole opinion of the Security Trustee (acting reasonably) would have the effect of (a) exposing the Security Trustee to any liability against which it has not been indemnified and/or prefunded and/or secured to its satisfaction or (b) increasing the obligations or duties, or decreasing the protections, rights or indemnities, of the Security Trustee in the Transaction Documents and/or the Terms and Conditions of the Notes.

- (d) The Issuer shall notify, or shall cause notice thereof to be given to, the Noteholders, and the other Secured Creditor of any such effected modifications in accordance with Condition 15 (*Form of Notices*).

2. APPOINTMENT OF THE SECURITY TRUSTEE; POWERS OF ATTORNEY

2.1 The Issuer hereby appoints

Citibank N.A., London Branch

to hold and enforce certain security assets and to provide the Security Trustee Services as Security Trustee for the benefit of the Secured Creditors in accordance with this Agreement and the Security Assignment Deed. Citibank N.A., London Branch hereby accepts such appointment by the Issuer.

2.2 Each of the Parties (other than the Security Trustee) hereby authorises and grants a power of attorney to the Security Trustee to:

- (a) execute all other necessary agreements related to this Agreement at the cost of the Issuer;
- (b) accept any pledge or other accessory right (*akzessorisches Sicherungsrecht*) or any assignment or transfer on behalf of the Secured Creditors;
- (c) make and receive all declarations, statements and notices which are necessary or desirable in connection with this Agreement and the other Transaction Documents, including, without limitation with respect to any amendment of these agreements as a result or for the purpose of a substitution of a Secured Creditor, and of any other security agreements that may be entered into in connection with this Agreement; and
- (d) undertake all other necessary or desirable actions and measures, including, without limitation, the perfection of any Security Interest over the Security Assets in accordance with this Agreement.

The power of attorney shall expire as soon as a Substitute Security Trustee has been appointed pursuant to clause 26.3 (*Effect of Resignation or Termination*) hereof. Upon the Security Trustee's request, the Parties shall provide the Security Trustee with a separate certificate for the powers granted in accordance with this clause 2.2.

3. **DECLARATION OF TRUST (*TREUHAND*)**

- 3.1 The Security Trustee shall in relation to the Security Interests created under this Agreement and the Security Assignment Deed acquire, hold and enforce such Security Assets which are pledged (*verpfändet*) assigned or transferred (as applicable) to it pursuant to this Agreement and the Security Assignment Deed for the purpose of securing the Security Trustee Claim as Security Trustee (*Treuhänder*) for the benefit of the Secured Creditors, and shall act in accordance with the terms and subject to the conditions of this Agreement and the Security Assignment Deed in relation to the English Security Assets. The Parties agree that the Security Assets shall not form part of the Security Trustee's estate, irrespective of which jurisdiction's Insolvency Proceedings apply. In case of any conflict between this Agreement and the Security Assignment Deed, this Agreement shall prevail.
- 3.2 In relation to any jurisdiction the courts of which would not recognise or give effect to the trust (*Treuhand*) expressed to be created by this Agreement, the relationship of the Issuer and the Secured Creditors to the Security Trustee shall be construed as one of principal and agent but, to the extent permissible under the laws of such jurisdiction, all the other provisions of this Agreement shall have full force and effect between the Parties hereto.

4. **CONFLICT OF INTEREST**

- 4.1 In case of a conflict of interest between Secured Creditors, the Security Trustee shall give priority to their respective interests in the order set out in the applicable Priority of Payments, provided that if there is a conflict of interest between holders of different Classes of Notes, based on conflicting resolutions of Noteholders of different Classes of Notes, or otherwise, the Security Trustee shall give priority to the holders of Class A Notes, then to the holders of Class B Notes, then to the holders of the Class C Notes, then to the holders of Class D Notes, then to the holders of Class E Notes, then to the holders of Class G Notes, then to the holders of the Class X Notes and then to the holders of Class R Notes.
- 4.2 For these purposes, the Security Trustee will disregard the individual interests of a Noteholder and the Security Trustee will determine the interests from the perspective of all holders of a Class of Notes.

5. **CONTRACT FOR THE BENEFIT OF THE NOTEHOLDERS**

This Agreement grants the Noteholders the right to demand that the Security Trustee performs the Security Trustee Services (contract for the benefit of a third party (*echter Vertrag zugunsten Dritter*))

pursuant to Section 328 para. 1 BGB). For the avoidance of doubt, Section 334 BGB shall be applicable.

6. SECURITY TRUSTEE SERVICES, LIMITATIONS

6.1 The Security Trustee shall provide the following Security Trustee Services subject to and in accordance with this Agreement:

- (a) The Security Trustee shall hold, collect, enforce and release in accordance with the terms and subject to the conditions of this Agreement, the Security Assignment Deed and the other Transaction Documents, the Security Interests in the Security Assets that are granted to it by way of pledge (*Verpfändung*) or assignment (*Sicherungsabtretung*) pursuant to (a) clauses 14 (*Pledge of Issuer Bank Accounts*) and 15 (*Assignment and Transfer of Security Assets for Security Purposes*) hereof, and (b) clause 3 (*Grant of Security and Declaration of Trust*) of the Security Assignment Deed, as Security Trustee (*Treuhänder*) for the benefit of the Secured Creditors in accordance with the security purpose (*Sicherungszweck*) as set forth in clause 17 (*Purpose of Security*) hereof.
- (b) The Security Trustee shall hold the Security Assets at all times separate and distinguishable from any other assets the Security Trustee may have. The Security Trustee may appoint a custodian and shall be at liberty to place this Agreement and all deeds and other documents relating to the Security Assets in any safe deposit, safe or other receptacle selected by the Security Trustee, in any part of the world (excluding, however, any jurisdiction where any data protection requirements, stamp or withholding or other tax is triggered), or with any bank or banking company or company whose business includes undertaking the safe custody of documents, lawyer or firm of lawyers believed by it to be of good repute, in any part of the world (excluding, however, any jurisdiction where any data protection requirements, stamp or withholding or other tax is triggered), and the Security Trustee shall not be responsible for or be required to insure against any loss incurred in connection with any such deposit, and the Issuer shall pay all sums required to be paid on account of or in respect of any such deposit.
- (c) Subject to clause 8.1(b) of this Agreement, the Security Trustee shall collect and enforce (as applicable) the Security Assets only in accordance with the German Legal Services Act (*Rechtsdienstleistungsgesetz*), if applicable, as may be amended from time to time.
- (d) If, following the occurrence of an Issuer Event of Default the Security Trustee receives notice in writing or has actual knowledge that the value of the Security Assets is at risk, the Security Trustee shall in its reasonable discretion (or acting on instructions of the Noteholders) take or cause to be taken all actions which in the opinion of the Security Trustee are necessary or desirable to preserve the value of the Security Assets. The Issuer and the Servicer will inform the Security Trustee without undue delay (*ohne schuldhaftes Zögern*) upon becoming aware that the value of the Security Assets is at risk.

6.2 Limitations

- (a) No provision of this Agreement will require the Security Trustee to do anything which may be illegal or contrary to applicable law or regulations or extend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties, or in the exercise of any of its rights or powers or otherwise in connection with this Agreement, if the Security Trustee determines in its sole discretion that repayment of such funds or adequate indemnity against such risk or liability is not assured to it.
- (b) If the Security Trustee deems it necessary or advisable, it may, if properly incurred at the expense of the Issuer, seeking approval from the Issuer in advance (not to be unreasonably withheld) and to the extent legally permissible and practical in the circumstances, request any advice from third parties as it deems appropriate (acting reasonably), provided that any such adviser is a Person the Security Trustee believes is reputable and suitable to advise it.

The Security Trustee may fully rely on any such advice from a third party and shall not be liable for any Damages resulting from such reliance.

- (c) The Security Trustee when performing any obligation on behalf of the Issuer, shall be entitled to request from the Issuer to provide the Security Trustee with any assistance as required by the Security Trustee in order to carry out the Issuer's obligation.
- (d) The Security Trustee shall not be responsible for, and shall not be required to investigate, monitor, supervise or assess, the genuineness, validity, suitability, fairness, title, ownership, value, sufficiency, existence, execution, legality, adequacy, admissibility in evidence, effectiveness and enforceability of any or all of the Security Assets and any Security Interest, the Notes, any Transaction Document (including, without limitation, the right and title of the Issuer to any Security Assets, but excluding this Agreement) or any documents entered into in connection therewith or any other document or any obligation or rights created or purported to be created thereby or pursuant thereto, or the occurrence of an Issuer Event of Default or the nature, status, creditworthiness or solvency of the Issuer or any other Party to this Agreement (other than the Security Trustee) or any other Person or entity who has at any time provided any security or support whether by way of guarantee, charge or otherwise in respect of the Security Assets. Moreover, the Security Trustee shall not be liable for:
 - (i) any invalidity of any provision of such documents or the unenforceability thereof, whether arising from statute, law or decisions of any court;
 - (ii) any action or failure to act of the Issuer or of other parties to the Transaction Documents other than the Security Trustee;
 - (iii) any failure to maintain any rating of any of the Notes by any rating agency;
 - (iv) the registration, filing, protection or perfection of any Security Interest or the priority of the Security Interests whether in respect of any initial advance or any subsequent advance or any other sums or liabilities or the failure to effect or procure such registration, filing, protection or perfection of any of the Security Interests;
 - (v) the scope or accuracy of any representations, warranties or statements made by or on behalf of the Issuer or any other Person or entity who has at any time provided this Agreement or any document entered into in connection therewith (other than the Security Trustee);
 - (vi) the performance or observance by the Issuer or any other Person (other than the Security Trustee) of any provisions of this Agreement or any document entered into in connection therewith or the fulfilment or satisfaction of any conditions contained therein or relating thereto or any waiver or consent which has at any time been granted in relation to any of the foregoing;
 - (vii) the existence, accuracy or sufficiency of any legal or other opinions, searches, reports, certificates, valuations or investigations delivered or obtained or required to be delivered or obtained at any time in connection with this Agreement, any Transaction Document, or the transactions contemplated thereby;
 - (viii) the failure to call for delivery of documents of title to or require any transfers, legal mortgages, charges or other further assurances in relation to any of the Secured Assets;
 - (ix) a loss of documents in relation to any of the transactions contemplated by the Transaction Documents;

- (x) any loss or damage arising from the enforcement of the Security Interests in accordance with clause 21 (*Enforcement of Security Interests in Security Assets*); or
- (xi) any other matter or thing relating to or in any way connected with this Agreement or any document entered into in connection therewith whether or not similar to the foregoing,

except to the extent directly attributable to a violation of the Standard of Care.

- (e) The Security Trustee will not be precluded or in any way limited from entering into contracts with respect to other transactions (including without limitation any contract, transaction or arrangement of a banking or insurance nature or any contract, transaction or arrangement in relation to the making of loans or the provision of financial facilities or financial advice to, or the purchase, placing or underwriting of or the subscribing or procuring subscriptions for or otherwise acquiring, holding or dealing with, or acting as paying agent in respect of, the Notes or any other notes, bonds, stocks, shares, debenture stock, debentures or other securities of, any party or any person or body corporate associated as aforesaid and accepting or holding the trusteeship of any other trust deed constituting or securing any other securities issued by or relating to, or any other liabilities of, any party or any person or body corporate associated as aforesaid or any other office of profit under any party or any such person or body corporate associated as aforesaid).
- (f) Unless explicitly stated otherwise in the Transaction Documents to which the Security Trustee is a party and subject to the principles of good faith (*Treu und Glauben*), reports, notices, documents and any other information received by the Security Trustee pursuant to the Transaction Documents are for information purposes only and the Security Trustee is not required to take any action as a consequence thereof or in connection therewith.
- (g) In connection with the performance of its obligations hereunder or under any other Transaction Document to which it is a party, the Security Trustee may rely upon any document believed by it to be genuine and to have been signed or presented by the proper party or parties (including a resolution purported to have been passed by Noteholders of any Class or Classes even though subsequent to its acting it may be found that there was some defect in the passing of the resolution or that for any reason the resolution, direction or request was not valid or binding upon such Noteholders) and, for the avoidance of doubt, the Security Trustee shall not be responsible for any loss, cost, Damages or expenses that may result from such reliance.
- (h) Nothing in this Agreement shall prevent the Security Trustee:
 - (i) from rendering services similar to those provided for in this Agreement to persons other than the Issuer; or
 - (ii) from carrying on its own unrelated business in the manner which it thinks fit,

and all provisions of this Agreement shall be interpreted in a manner that does not impair the Security Trustee in the exercise of its other unrelated business.

- (i) The Security Trustee shall have only those duties, obligations and responsibilities expressly included in the Transaction Documents to which it is specified to be a party and, subject to applicable mandatory statutory law, no other duties, obligations or responsibilities shall be implied.
- (j) The Security Trustee may call for and shall be at liberty to accept a certificate duly signed by any Secured Creditor or any two managers of the Issuer which are authorised to sign on behalf of the Issuer pursuant to a list of authorised signatories to be delivered to the Security Trustee from time to time as sufficient evidence of any fact or matter or the expediency of any transaction or thing, save for manifest errors, and to treat such a certificate to the effect that any particular dealing or transaction or step or thing is, in the opinion of the persons so

certifying, expedient or proper as sufficient evidence that it is expedient or proper, and the Security Trustee shall not be bound in any such case to call for further evidence or be responsible for any loss or liability that may be caused by acting on any such certificate.

- (k) The Security Trustee may call for any certificate or other document to be issued by a clearing system as to the principal amount outstanding of Notes standing to the account of any person. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's CreationOnline system) in accordance with its usual procedures and in which the relevant information is clearly identified. The Security Trustee shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by a clearing system and subsequently found to be forged or not authentic.
- (l) The Security Trustee shall not be under any obligation to insure any of the Secured Assets or to require any other Person to maintain any such insurance and shall not be responsible for any loss which may be suffered by any person as a result of the lack of or inadequacy or insufficiency of any such insurance.
- (m) The Security Trustee shall not be responsible for the receipt or application of the proceeds of the issue of any of the Notes by the Issuer, the exchange of any Global Note for another Global Note or definitive Notes or the delivery of any Note to the person(s) entitled to it or them.
- (n) The Security Trustee is entitled to assume without enquiry, that the Issuer and the other Transaction Parties have performed in accordance with all of the provisions in this Agreement and the Transaction Documents, unless notified to the contrary.
- (o) Notwithstanding anything else herein contained, the Security Trustee may refrain without liability from doing anything that would or might in its opinion be contrary to any law of any state or jurisdiction (including but not limited to the United States of America or any jurisdiction forming a part of it, the European Union and England & Wales) or any directive or regulation of any agency of any such state or jurisdiction and may without liability do anything which is, in its opinion, necessary to comply with any such law, directive or regulation.
- (p) Any liberty or power which may be exercised, or any determination which may be made, under this Agreement by the Security Trustee may be exercised or made in its absolute and unfettered discretion without any obligation to give reasons.

6.3 Acknowledgement

The Security Trustee has been provided with copies of the Transaction Documents and is aware of the contents thereof.

7. LIABILITY OF SECURITY TRUSTEE

The Security Trustee shall be liable for breach of its obligations under this Agreement and the obligations of any of its directors or delegates only if and to the extent that it fails to meet the Standard of Care which it would exercise in its own affairs. The Security Trustee shall not be liable for any consequential or indirect losses of any kind or for loss of business, goodwill, opportunity or lost profit (*entgangener Gewinn*) occurring to any of the Parties and arising from the performance of the obligations of the Security Trustee under the Transaction Documents, regardless of whether such loss had been advised to the Security Trustee by any Party or not.

8. DELEGATION

For the avoidance of doubt, in case of reduction of a claim in the context of the exercise of a warranty right (*Minderung im Rahmen der Mängelgewährleistung*), the relevant Seller may cure the relevant breach by making payment of a Deemed Collection in the amount of such reduction. If the relevant Seller does not cure or correct such breach, misrepresentation or other event affecting the Affected Receivables prior to such time, the relevant Seller shall be obliged to repurchase all Receivables (together with the Ancillary Rights and the Related Security) relating to the Purchase Contract under which the Affected Receivable has arisen on the Payment Date immediately following the expiration of such period by delivering a Repurchase Request to the Issuer except if the Purchaser has received a Deemed Collection equal to the Repurchase Price determined in accordance with clause 7.2(a) of the Receivables Purchase Agreement.

- (a) Any repurchase by the relevant Seller under this clause shall be for consideration of a price equal to the sum of the Outstanding Principal Amount of the Purchased Receivable (the "**Repurchase Price**"). Upon receipt of full payment of such Repurchase Price by the Purchaser, the Purchaser and the Security Trustee agree with the relevant Seller that the Purchased Receivables so repurchased shall be reassigned and retransferred together with the Ancillary Rights and the Related Security to the relevant Seller, in each case without recourse or representation, in order to vest in such Seller title to any such Purchased Receivable (together with the Ancillary Rights and the Related Security) for which the Repurchase Price has been paid.
- (b) Neither the Purchaser nor the Security Trustee will have any duty to conduct an investigation as to the occurrence of any condition requiring the repurchase of any Purchased Receivable.

Under the Receivables Purchase Agreement, Seller 1 agrees in case Seller 2 and/or Seller 3 has not complied with any payment obligation, including but not limited to clauses 7.2 and 9 of the Receivables Purchase Agreement, as and when due under the Receivables Purchase Agreement and such non-compliance has not been remedied by Seller 2 and/or Seller 3 within the applicable grace period, to indemnify the Issuer or the Security Trustee, as applicable, by making payment to the Issuer or the Security Trustee, as applicable, in the amount unpaid by Seller 2 and/or Seller 3.

- (e) The Trustee has consented in the Trust Agreement to the purchase and assignment of the Purchased Receivables by the Issuer to the Majority Class R Note Purchasers in accordance with this clause.

Pursuant to the Account Bank Agreement, the Account Bank shall maintain the Transaction Account, the Liquidity Reserve Account and each Hedging Collateral Account until the Legal Maturity Date (or any other earlier date of termination of the Account Bank Agreement).

2. **Operating and Release**

In respect of any amounts standing to the credit of the Issuer Bank Accounts, the Account Agent shall instruct the Account Bank to, and following receipt of such instructions the Account Bank shall release the relevant amount from the relevant Issuer Bank Account or any portion thereof to any designated payee, including the Issuer, in accordance with the terms of a Payment Instruction signed by an Authorised Representative of the Issuer or the Cash Manager or (following receipt of a notice referred to in clause 2.3 of the Account Bank Agreement) the Security Trustee delivered in accordance with the Account Bank Agreement, subject in the case of clause 4.1 of the Account Bank Agreement to any Payment Instruction being received by the Account Agent by 10 a.m. (Dublin time) on the day falling two (2) Business Days prior to the date on which any payment is to be made.

3. **Exchange of Account Bank upon Downgrade Event**

Upon the occurrence of a Downgrade Event with respect to the Account Bank, the Account Bank shall pursuant to the Account Bank Agreement give notice thereof to the Sellers, the Issuer, the Cash Manager, the Servicers and the Security Trustee without undue delay (*unverzüglich*). The Issuer shall within thirty (30) calendar days upon the occurrence of such Downgrade Event (i) appoint a Substitute Account Bank (which has at least the Required Rating or whose obligations are guaranteed by an entity having at least the Required Rating) on substantially the same terms as set out in the Account Bank Agreement; (ii) open new accounts replacing each of the existing Issuer Bank Accounts with the Substitute Account Bank; (iii) pledge such new Issuer Bank Accounts to the Security Trustee and, where applicable, to other parties to the Transaction in accordance with the Security Trust Agreement; (iv) transfer any amounts standing to the credit of each existing Issuer Bank Account to the respective new Issuer Bank Account; (v) close each old Issuer Bank Account with the old Account Bank; and (vi) terminate the Account Bank Agreement.

5. **Term and Termination**

The Account Bank Agreement shall automatically terminate on the date falling ninety (90) calendar days after the Secured Obligations have been irrevocably discharged in full. The Account Bank may resign from its appointment as Account Bank and cease to operate the Transaction Accounts at any time on giving not less than sixty (60) calendar days' prior written notice thereof. The right of termination for serious cause (*wichtiger Grund*) shall remain unaffected.

The Issuer may terminate the Account Bank Agreement and instruct the Account Bank to close all of the Issuer Bank Accounts (subject to a successor Account Bank having been appointed) if a Downgrade Event in respect of the Account Bank occurs.

No termination of the appointment of the Account Bank by the Issuer shall take effect without thirty (30) calendar days' prior written notice to the Account Bank and unless and until a successor Account Bank has been appointed. If the Issuer fails to appoint a successor Account Bank within thirty (30) calendar days of the termination, the Account Bank may (at the expense of the Issuer) select a leading bank of international repute which has at least the Required Rating or whose obligations are guaranteed by an entity having at least the Required Rating to act as Account Bank and the Issuer shall appoint that bank as the successor Account Bank.

The Cash Management Agreement

1. Appointment

With effect from the Closing Date and until termination pursuant to clause 11 (*Termination of Appointment of Cash Manager*) of the Cash Management Agreement, the Issuer appoints the Cash Manager in accordance with the Cash Management Agreement to be the Cash Manager and as its lawful agent, on its behalf and in its name, to provide the Cash Management Services in accordance with the terms of the Cash Management Agreement. The Cash Manager accepts such appointment upon, and subject to, the terms and conditions of the Cash Management Agreement.

2. Determinations and Cash Management Services

The Cash Manager's principal function will be to effect payments to and from the Issuer Bank Accounts. In particular, the Cash Manager will (without prejudice to the detailed provisions of the Cash Management Agreement):

- (a) operate the Issuer Bank Accounts and ensure that payments are made into and from such accounts in accordance with the Cash Management Agreement, the Servicing Agreement, the Account Bank Agreement, the Security Trust Agreement and any other relevant Transaction Document, provided that nothing herein shall require the Cash Manager to make funds available to the Issuer to enable such payments to be made other than as expressly required by the provisions of the Cash Management Agreement;
- (b) maintain and record the movements of cash and liabilities through the Issuer Transaction Account;
- (c) by no later than 5 p.m. (London time) on the Calculation Date prior to each Payment Date, the Cash Manager will collate, and determine the amount of, all claims made on the Issuer under the Transaction Documents which are payable by it on or before such Payment Date;

- (g) determining whether there are sufficient funds in the Issuer Bank Accounts to satisfy the Issuer's obligations under the Transaction Documents and to notify the Security Trustee and the Issuer immediately if the aggregate amount in the Issuer Bank Accounts is insufficient to meet the Issuer's obligations under the Transaction Documents in respect of payments due to the Secured Creditors.

3. Hedging Collateral Account

- (a) In the event that any Hedging Collateral is received by the Issuer from the Interest Rate Hedge Provider or any Tax Credits are received by the Issuer, the Cash Manager will credit such amounts representing the Hedging Collateral, including any interest thereon or distributions in respect thereof, or those Tax Credits (as applicable), to the relevant Hedging Collateral Account. For that purpose the Interest Rate Hedge Provider will inform the Issuer

of the relevant Hedging Collateral which then subsequently will inform the Cash Manager. The Issuer will also inform the Cash Manager of any Tax Credits.

- (b) In addition, upon any early termination of a transaction under a Hedging Agreement, any Replacement Hedging Premium received by the Issuer from a replacement interest rate hedging provider will be credited to the relevant Hedging Collateral Account. For that purpose the replacement interest rate hedging provider will inform the Issuer of the relevant Replacement Hedging Premium which then subsequently will inform the Cash Manager.
- (c) The relevant Hedging Collateral Account will be debited only if and to the extent required for the Issuer to pay any amount(s) referenced in sub-clause (d) below (with such payments made in accordance with the order of priority set out therein).
- (d) Notwithstanding any other term in the Transaction Documents, amounts and securities standing to the credit of the relevant Hedging Collateral Account (including interest, distributions and redemption or sale proceeds thereon or thereof) will not be available for payments to the Secured Creditors generally, but may be applied by the Cash Manager directly to the relevant Interest Rate Hedge Provider without regard to the applicable Priority of Payments only in accordance with the following provisions:
 - (i) *first*, to pay an amount equal to any Tax Credits received by the Issuer to the Interest Rate Hedge Provider in accordance with the Hedging Agreement;
 - (ii) *second*, prior to the designation of an Early Termination Date (as defined in the Hedging Agreement) under the Hedging Agreement, solely in or towards payment or discharge of any Return Amounts (as defined in the credit support annex relating to that Hedging Agreement), Interest Amounts and Distributions (as defined in the credit support annex relating to that Hedging Agreement), on any day, directly to the Interest Rate Hedge Provider in accordance with the Hedging Agreement;
 - (iii) *third*, following the designation of an Early Termination Date under the Hedging Agreement where the Issuer enters into a replacement Hedging Agreement in respect of that Hedging Agreement on or around the Early Termination Date of that Hedging Agreement, on the later of the day on which such replacement Hedging Agreement is entered into and the day on which a Replacement Hedging Premium (if any) payable to the Issuer has been received, in the following order of priority:
 - (1) *first*, (i) in or towards payment of any termination payment (as calculated in accordance with the relevant Hedging Agreement) due to the outgoing Interest Rate Hedge Provider (if such Early Termination Date has been designated otherwise than as a consequence of an Interest Rate Hedge Provider Default or an Interest Rate Hedge Provider Downgrade Event) or (ii) in or towards payment of any payment (as calculated in accordance with the relevant Hedging Agreement) due to the acceding Interest Rate Hedge Provider (if such Early Termination Date has been designated as a consequence of an Interest Rate Hedge Provider Default or an Interest Rate Hedge Provider Downgrade Event); and
 - (2) *second*, (i) in or towards payment of any termination payment (as calculated in accordance with the relevant Hedging Agreement) due to the outgoing Interest Rate Hedge Provider (if such Early Termination Date has been designated as a consequence of an Interest Rate Hedge Provider Default or an Interest Rate Hedge Provider Downgrade Event) or (ii) in or towards payment of any payment (as calculated in accordance with the relevant Hedging Agreement) due to the acceding Interest Rate Hedge Provider (if such Early Termination Date has been designated otherwise than as a

consequence of an Interest Rate Hedge Provider Default or an Interest Rate Hedge Provider Downgrade Event);

- (3) *third*, any surplus on such day to be transferred to the Transaction Account to be applied as Available Distribution Amounts;
 - (iv) *fourth*, following the designation of an Early Termination Date under a Hedging Agreement for any reason where the Issuer does not enter into a replacement Hedging Agreement in respect of that Hedging Agreement on or around the Early Termination Date of that Hedging Agreement, on the date on which the relevant payment is due, in or towards payment of any termination payment (as calculated in accordance with that Hedging Agreement) due to the outgoing Interest Rate Hedge Provider; and
 - (v) *fifth*, following payments of amounts due pursuant to paragraph (iv) above, if amounts remain standing to the credit of a Hedging Collateral Account, any surplus remaining shall be transferred to the Transaction Account to be applied as Available Distribution Amounts.
- (e) Payments to be made to the Interest Rate Hedge Provider according to clause 3.3 of the Cash Management Agreement) shall be made to an account of the Interest Rate Hedge Provider the details of which the Interest Rate Hedge Provider has informed the Issuer about at least 5 Business Days before effecting the payment. The Issuer will then subsequently instruct the Cash Manager in this respect in accordance with the provisions of the Account Bank Agreement.

4. **Remuneration, Costs**

Subject to and in accordance with the provisions of the Cash Management Agreement and the applicable Priority of Payments, as consideration for the provision of the Cash Management Services by the Cash Manager, the Issuer shall pay a fee to the Cash Manager on each Payment Date in such amount and on such terms as have been separately agreed in a fee letter between the Issuer and the Cash Manager which shall be exclusive of VAT and any VAT (if any) shall be payable in addition to such fee subject to the provision of a valid VAT invoice.

Subject to and in accordance with the provisions of the Cash Management Agreement and the applicable Priority of Payments, the Issuer will reimburse the Cash Manager for all costs and expenses duly justified and properly incurred by the Cash Manager in such capacity or on behalf of the Issuer and/or the Security Trustee pursuant to the Cash Management Agreement (including, but not limited to legal, postage and any other communication expenses, together with any applicable Irrecoverable VAT and stamp, issue, documentation or other similar taxes and duties in respect thereof).

On termination of the appointment of the Cash Manager under the Cash Management Agreement or upon its resignation being effective, the Cash Manager shall be entitled to receive from the Issuer all fees and other monies accrued but unpaid prior to the date of termination but shall not be entitled to any other or further compensation, provided that any such amounts shall be paid on each subsequent Payment Date subject to and in accordance with the relevant Priority of Payments.

5. **Termination**

The Cash Management Agreement shall automatically terminate on the Final Discharge Date.

Each Party may terminate the Cash Management Agreement upon giving the other Party (with a copy to the Account Bank) not less than three months' prior written notice.

The right of termination for serious cause (*wichtiger Grund*) shall remain unaffected.

Upon receipt of a resignation notice from the Cash Manager pursuant to clause 11.2(a) of the Cash Management Agreement, the Issuer (with the prior written approval of the Security Trustee) shall use

all reasonable endeavours to appoint as soon as practicable a new Cash Manager. If the Issuer fails to appoint a successor within 60 calendar days, the Cash Manager may select a replacement with experience of performing the tasks required of the Cash Manager hereunder and, in each case, which is approved in writing by the Security Trustee to act as the replacement Cash Manager.

If the Cash Manager resigns in accordance with clause 11.2(a) of the Cash Management Agreement or its appointment is terminated the Cash Manager will nonetheless perform its duties under the Cash Management Agreement, to the extent legally possible, until the Issuer has effectively appointed a successor Cash Manager and such successor Cash Manager has agreed to substitute the Cash Manager in accordance with the terms and conditions of the Cash Management Agreement. To the extent legally possible, all rights of the Cash Manager under the Cash Management Agreement remain unaffected until a successor Cash Manager has been validly appointed.

The Agency Agreement

Pursuant to the Agency Agreement, the Paying Agent and the Interest Determination Agent are appointed by the Issuer and each will act as agent of the Issuer to make certain calculations, determinations and to effect payments in respect of the Notes. The functions, rights and duties of the Paying Agent and the Interest Determination Agent are set out in the Terms and Conditions. See "**TERMS AND CONDITIONS OF THE NOTES**".

The Agency Agreement provides that the Issuer may terminate the appointment of any Agent with regard to some or all of its functions with the prior written consent of the Security Trustee upon giving such Agent not less than thirty (30) calendar days' prior notice. Any Agent may at any time resign from its office by giving the Issuer and the Security Trustee not less than sixty (60) calendar days' prior notice, provided that at all times there shall be a Paying Agent, and an Interest Determination Agent appointed. Any termination of the appointment of any Agent and any resignation of such Agent shall only become effective upon the appointment in accordance with the Agency Agreement of one or more banks or financial institutions as replacement agent(s) in the required capacity. The right to termination or resignation for good cause will remain unaffected. If no replacement agent is appointed within twenty (20) calendar days of any Agent's resignation, then such Agent may itself, subject to certain requirements, appoint such replacement agent in the name of the Issuer.

The Corporate Services Agreement

Under the Corporate Services Agreement, MaplesFS (Luxembourg) S.A., a public limited company (*société anonyme*), incorporated under the laws of Luxembourg, having its registered office at 12E rue Guillaume Kroll, L-1882, Luxembourg, Grand Duchy of Luxembourg, has agreed to act as Corporate Services Provider in respect of the Company. Such services to the Issuer include, amongst other things, acting as corporate secretary of the Issuer and keeping the corporate records, convening directors' meetings, provision of registered office facilities, providing the Directors of the Company, preparing and filing all statutory and annual returns, preparing the financial statements and performing certain other corporate administration services against payment of a fee.

The Issuer retains the Corporate Services Provider to provide the services mentioned in the agreement until the date on which the Issuer is liquidated and dissolved or the date on which the agreement is terminated.

The Corporate Services Agreement provides that the agreement may be terminated (i) by either party at any time and without giving any reason by giving at least a three months' written notice to the other party, (ii) by either party with written notice if the other party is subject to a relevant insolvency event, such as winding-up, administration or dissolution, including bankruptcy (iii) by either party with written notice if the other party breaches its obligations and the breach is either not capable of remedy or the breaching party fails to remedy such breach within fourteen (14) calendar days after being notified in writing by the other party, (iv) by either party with immediate effect and without notice or judicial recourse if the other party commits a serious breach (*faute grave*) of the terms and conditions of the agreement, and (v) by the other party, if either party is prevented from performing its obligations for more than three (3) months due to unforeseen circumstances such as force majeure.

Information created or collected by, or communicated to, the Corporate Services Provider may be disclosed to other members of the Maples Group to the extent necessary for the performance of the services. Any change in the relevant members of the Maples Group or the addition of new entities as members of the Maples Group not currently listed in Exhibit A of the Corporate Services Agreement requires the Issuer's consent.

Master Definitions and Framework Agreement

Pursuant to the Master Definitions and Framework Agreement the Issuer, the Purchaser, the Corporate Administrator, the Data Trustee, the Security Trustee, the Account Bank, the Paying Agent, the Interest Determination Agent, the Account Agent, the Cash Manager, the Joint Lead Managers, the Interest Rate Hedge Provider, the Servicers and the Sellers have agreed that, except where expressly stated to the contrary or where the context otherwise requires, the definitions and framework provisions set out therein shall apply to the terms and expressions referred to but not otherwise defined in a Transaction Document. See "**SCHEDULE 1 DEFINITIONS**".

The framework provisions also include rules in relation to amendments to the Transaction Documents which are as follows:

Save for any correction of a manifest or proven error or variation of a formal, minor or technical nature, any amendment, restatement or variation of a Transaction Document is valid only,

- (a) in case of amendments which do not materially and adversely affect the interests of the Noteholders and/or any other Secured Creditor, if it is notified to the Security Trustee and the Rating Agencies in writing, whereby letter, fax or e-mail shall be sufficient, and it has been demonstrated to the reasonable satisfaction of the Security Trustee that such amendment is not materially prejudicial to the interests of the Noteholders and/or any other Secured Creditor; and
- (b) in case of amendments which materially and adversely affect the interests of the Noteholders and/or any other Secured Creditor, if it is notified to the Security Trustee and the Rating Agencies in writing, whereby letter, fax or e-mail shall be sufficient, and the Issuer has received the written consent to such amendment from the Security Trustee and the Secured Creditors that are materially and adversely affected.

Notwithstanding the above the Issuer will be entitled to amend any term or provision of any Transaction Document, including this clause, with the consent of Enpal B.V. and the Security Trustee, but without the consent of the Interest Rate Hedge Provider, the Arranger, the Joint Lead Managers or any other Person, if it is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Transaction to comply with the Securitisation Regulation, including the requirements for simple, transparent and standardised securitisations set out therein or in any regulatory technical standards adopted under the Securitisation Regulation.

The Hedging Agreement

1. General

- 1.1 On or prior to the Closing Date, the Issuer will enter into the Hedging Agreement and the Interest Rate Hedge with the Interest Rate Hedge Provider under an International Swaps and Derivatives Association Inc. 2002 ISDA Master Agreement in order to address certain risks arising as a result of a fixed rate of interest payable under the Purchased Receivables and the floating rate of interest payable by the Issuer under the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes.

In respect of each relevant period in respect of the Interest Rate Hedge, the notional amount of the Interest Rate Hedge will equal the lower of

- (a) the upper bound applicable to such period (upper bound starts with EUR 367,207,845.27 on the Closing Date); and
- (b) the greater of

- (i) the aggregate outstanding principal balance of the Performing Receivables in the Portfolio as at the first day of such period; and
- (ii) the lower bound for such period (lower bound starts with EUR 367,207,845.27 on the Closing Date).

As a result, in certain circumstances, it could be possible that the notional amount in respect of the Interest Rate Hedge would be lower or higher than the Aggregate Outstanding Note Principal Amount of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes which could have an impact on the amounts available to make payments on the Notes.

- 1.2 Pursuant to the terms of the Interest Rate Hedge, on each Payment Date commencing on the first Payment Date and ending on the date on which the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes are redeemed in full, the Issuer will make fixed rate payments to the Interest Rate Hedge Provider in Euro which the Issuer will fund using payments which it receives under the Purchased Receivables. The Interest Rate Hedge Provider will, on the same Payment Date, make a floating rate payment in Euro (calculated by reference to one-month EURIBOR (or in the respect of the first Interest Period the relevant linear interpolation)) to the Issuer. The fixed and floating amounts payable by the Issuer and the Interest Rate Hedge Provider under the Interest Rate Hedge will be netted so that only a net amount will be due from the Issuer or the Interest Rate Hedge Provider (as the case may be) on a Payment Date.
- 1.3 If the floating rate payable under the Interest Rate Hedge is negative, the Issuer would not receive a floating amount payment but would be obliged to pay an amount equal to the absolute value of the floating amount (in addition to the fixed amount) to the Interest Rate Hedge Provider under the Interest Rate Hedge.

2. Termination rights and payments

- 2.1 The Interest Rate Hedge may be terminated in limited circumstances. Any such termination may oblige the Issuer or the Interest Rate Hedge Provider to make a termination payment. Any Replacement Hedging Premium (or part thereof) that is applied directly to pay a Hedge Termination Payment to the outgoing Interest Rate Hedge Provider following the termination of the Hedging Agreement will be paid directly to such outgoing Interest Rate Hedge Provider outside of the relevant Priority of Payments and will not be made available to the Secured Parties.
- 2.2 If the Issuer does not satisfy its payment obligations under the Hedging Agreement, this will constitute a default by the Issuer thereunder and will entitle the Interest Rate Hedge Provider to terminate the Interest Rate Hedge.
- 2.3 Upon the occurrence of certain events in respect of the Issuer, the Interest Rate Hedge Provider will have the right to terminate the Interest Rate Hedge in accordance with its terms.

3. Security and ranking

The Issuer's obligations to the Interest Rate Hedge Provider under the Hedging Agreement will be secured under the Security Assignment Deed. In the event of the Security Assets being enforced thereunder, such obligations (other than Hedge Subordinated Amounts) will rank ahead of payments in respect of the Notes.

4. Withholding Tax

All payments to be made by a party under the Hedging Agreement are to be made without withholding or deduction (other than a FATCA Withholding Tax as defined in Part 5(g) of the ISDA Schedule) for or on account of any tax unless such withholding or deduction is required by applicable law (as modified by the practice of any relevant tax authority). Each of the Issuer and the Interest Rate Hedge Provider will represent on entering into the Hedging Agreement that it is not obliged to make any such deduction or withholding under current taxation law and practice (save in respect of certain payments of interest and deliveries, transfers and payments to be made pursuant to the credit support annex to the Hedging Agreement). If, as a result of a change in law (or the application or official

interpretation thereof), the Issuer is required to make such a withholding or deduction from any payment to be made to the Interest Rate Hedge Provider under the Hedging Agreement, the Issuer will not be obliged to pay any additional amounts to such Interest Rate Hedge Provider in respect of the amounts so required to be withheld or deducted. If the Interest Rate Hedge Provider is required to make such a withholding or deduction from any payment to the Issuer under the Hedging Agreement, it shall pay to the Issuer such additional amount as is necessary to ensure that the net amount actually received by the Issuer will equal the full amount the Issuer would have received had no such deduction or withholding been required. The party receiving a reduced payment or that is required to make an additional payment, as the case may be, will have the right to terminate the Interest Rate Hedge (subject to the Interest Rate Hedge Provider's obligation to use all reasonable efforts (provided that such efforts will not require the Interest Rate Hedge Provider to incur a loss, excluding immaterial, incidental expenses) to transfer its rights and obligations under the Hedging Agreement to another of its offices or Affiliates such that payments made by or to that office or Affiliate under the Hedging Agreement can be made without any withholding or deduction for or on account of tax). If the Interest Rate Hedge is terminated, the Issuer may be unable to meet its obligations under the Notes in full, with the result that the Noteholders may not receive all of the payments due to them in respect of the Notes.

5. Governing Law and Jurisdiction

- 5.1 The Hedging Agreement and any non-contractual obligation arising out of or in connection therewith, are governed by, and shall be construed in accordance with, English law.
- 5.2 Any dispute which may arise in relation to the interpretation or the execution of the Hedging Agreement, or any non-contractual obligation arising out of or in connection therewith, shall be subject to the exclusive jurisdiction of the courts of England and Wales.

Security Assignment Deed

As continuing security for the payment and discharge of the Security Trustee Claim, the Issuer has assigned under the Security Assignment Deed the English Security Assets in favour of the Security Trustee as German law Security Trustee (*Treuhänder*) for the benefit of the Secured Creditors.

Under the Security Assignment Deed, the Security Trustee has acknowledged that it shall administer and enforce the English Security Assets subject to and in accordance with the Security Trust Agreement. The parties to the Security Assignment Deed agree and acknowledge that the English Security Assets shall not form part of the Security Trustee's estate irrespective of which jurisdiction's insolvency proceedings apply.

Subscription Agreement

Under the Subscription Agreement entered into by the Issuer and the Joint Lead Managers on or about the Signing Date, each Joint Lead Manager severally and not jointly (*nicht als Gesamtschuldner*) agrees to subscribe for the Notes. See "**SUBSCRIPTION AND SALE**".

3. INFORMATION TABLES REGARDING THE PORTFOLIO

The following tables set forth the Portfolio as at the Cut-Off Date with an Aggregate Outstanding Portfolio Principal Amount of EUR 372,480,457.06. Percentages are subject to rounding. From the Portfolio as at the Cut-Off Date sample has been subject external verification as further specified below. From the Portfolio as at the Cut-Off Date, Receivables in an amount equal to EUR 367,207,845.27 will be sold and assigned to the Issuer under the Receivables Purchase Agreement.

The Purchased Receivables to be acquired and transferred by assignment under the Receivables Purchase Agreement from the Sellers have, at the date of approval of this Prospectus, characteristics that demonstrate capacity to produce funds to service payments due and payable on the Notes.

Prior to the sale to the Issuer the Purchased Receivables had been securitised in the warehouse of Green Finance Solution S.A., acting for and on behalf of its Compartment Omega, which is sponsored by funds managed or advised by M&G Investment Management Limited.

Pursuant to Article 22(2) of the EU Securitisation Regulation and the "Guidelines on the STS criteria for non-ABCP securitisation" published by the European Banking Authority, an external verification based on a representative sample applying a confidence level of at least 95 % has been made prior to the Closing Date in respect of the Receivables that may be sold and assigned to the Issuer under the Receivables Purchase Agreement by an appropriate and independent party, including verification that the data disclosed in any formal offering document in respect of the Receivables is accurate (external verification), and, in this respect, no significant adverse findings have been found. The external verification included the review of certain Eligibility Criteria, including among others the remaining term and the seasoning.

EXPECTED MATURITY AND AVERAGE LIFE OF NOTES AND ASSUMPTIONS

The expected average life of each Class of Notes cannot be predicted as the actual rate at which the Purchased Receivables will be repaid and a number of other relevant factors are unknown. Calculated estimates as to the expected average life of each Class of Notes can be made based on certain assumptions. These estimates have certain inherent limitations. No representations are made that such estimates are accurate, that all assumptions relating to such estimates have been considered or stated or that such estimates will be realised.

The table below shows the expected average life of each Class of Notes based on, *inter alia*, the following assumptions:

- (a) the Closing Date is assumed to be 27 July 2026;
- (b) the Cut-Off Date is 9 June 2026;
- (c) the first Payment Date will be 27 August 2026 and thereafter each following Payment Date will be on the 27th calendar day of each month;
- (d) the weighted average lives are calculated on a 30/360 basis;
- (e) the Purchased Receivables are fully performing and do not show any delinquencies or defaults;
- (f) no Purchased Receivables are repurchased by the Sellers due to any breach of representation or warranty;
- (g) no Purchased Receivables are sold by the Issuer;
- (h) no debt to the Principal Deficiency Ledger arises;
- (i) the amortisation of each Purchased Receivables is calculated as an annuity loan on a 30/360 basis, and the interest on each Purchased Receivables is calculated on a 30/360 basis;
- (j) on each Payment Date, the Pre-Enforcement Available Principal Distribution Amount is not applied towards payment of the Liquidity Reserve Top-Up Amount except for the first Payment Date;
- (k) on each Payment Date, the Principal Addition Amounts equal zero;
- (l) the Aggregate Outstanding Principal Amount of the Purchased Receivables on the Cut-Off Date is EUR 372,480,457.06;
- (m) an amount of EUR 19,543 from the proceeds of the Notes will remain on the Transaction Account of the Issuer on the Closing Date and will be part of the Available Principal Distribution Amount on the first Payment Date;
- (n) on the Closing Date the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class G Notes have an Aggregate Outstanding Note Principal Amount of EUR 372,500,000, with the Class A Notes representing 81.99 per cent., the Class B Notes representing 9.18 per cent., the Class C Notes representing 3.41 per cent., the Class D Notes representing 2.09 per cent., the Class E Notes representing 1.66 per cent. and the Class G Notes representing 1.66 per cent. and the Class X Notes representing 1.37 per cent;

Enpal Heat GmbH, formerly known as Enpal Dragon GmbH, a company incorporated under the laws of Germany as a limited liability company (Gesellschaft mit beschränkter Haftung), having its registered office in Berlin, Bödikerstraße 25, 10245 Berlin, Germany, registered with the commercial register (Handelsregister) at the local court (Amtsgericht) of Charlottenburg under number HRB 245706.

Enpal Heat GmbH and EFS Deutschland GmbH are 100% subsidiaries of Enpal B.V. (together with Enpal B.V., the "**Enpal Group**").

Enpal B.V., Enpal Heat GmbH and EFS Deutschland GmbH will act as Sellers and Servicers.

Enpal Group provides an integrated solution for decentralized energy, combining solar panels, battery storage, EV chargers, smart meters, and heat pumps. At the core is Enpal.One+, the AI-powered energy trading platform that connects tens of thousands of batteries into a virtual power plant and trades our customers' electricity on the energy market. Founded in 2017 by successful serial entrepreneur, Mario Kohle. Enpal Group's core service is an integrated technology platform that addresses all energy and mobility-related needs of customers as a one-stop-shop. Enpal Group is backed by some of the world's leading impact and technology investors, including TPG Rise Climate, The Westly Group, Activate Capital, SoftBank Vision Fund II, Princeville Climate Technologies, HV Capital, and Picus Capital. According to our data, Enpal Group is the leading provider of solar solutions for homeowners in Germany, serving more than 110,000 customers. In addition, Enpal Group is the country's largest installer of heat pumps, with over 18,000 units installed.

A significant part of the value chain is conducted online: from lead generation and video-conference-based sales, to the planning and visualization of rooftop PV systems supported by artificial intelligence and satellite imagery, all the way to fully digital contract signing. Nonetheless, Enpal Group has also expanded its lead generation offline, primarily by introducing field sales with in-person representatives as well as through partner networks to acquire customers.

Leveraging its own installation shop, while adding third-party installers to its installation capacity, Enpal Group provides a comprehensive service from delivery and supply of all technical equipment up to installation and grid connection. As part of its offering, Enpal Group provides a decentralized energy system to homeowners that manages the entire energy cycle from energy generation and storage to consumption. Customers can either lease the PV systems through 20-year contracts from single-purpose SPVs or purchase the installations via a 25-year installment plan directly from Enpal Group. Heat pumps can only be acquired through a 15-year installment purchase contract, reflecting both the legal framework governing such purchases and the long lifespan of the hardware. The latter are the relevant contracts to be securitized as part of this transaction.

In the 2024 financial year, Enpal's operating subgroup generated revenue of EUR 890m. In 2025, Enpal's operating subgroup generated revenue of EUR 1.211m, which is a 26% increase compared to 2024.

As of 31st December 2025, Enpal Group had Cash and cash equivalents of EUR 271m and is net leverage negative on operating subgroup level. The number of installed photovoltaic systems and heat pumps increased in the first half of 2026 by 16%, rising from approximately 110,000 to 128,000.

2. **ORIGINATION, SERVICING AND SECURITISATION EXPERTISE**

Since its establishment, Enpal Group has developed substantial expertise in originating and servicing residential solar assets. In 2019, Enpal Group started originating solar leasing contracts and has since financed and serviced more than 70,000 solar lease agreements. Based on this track record, Enpal Group can demonstrate at least seven years of experience in managing exposures similar to the Purchased Receivables. Building on the expertise gained from establishing its solar leasing portfolio, Enpal Group began originating solar loan receivables in 2023 and heat pump loan receivables in 2024, which now form part of its Purchased Receivables.

The management team and senior staff at Enpal Group possess the necessary expertise in originating, underwriting, and servicing both lease and loan receivables included in the Portfolio, acquired through years of practical experience and ongoing professional development. They have been actively involved in the governance and oversight of the processes for originating, underwriting, and servicing the Portfolio. Additionally, Enpal Group has built a solid track record in customer relationship management, maintaining solar installations, and ensuring compliance with regulatory standards in the renewable energy sector.

3. **BUSINESS PROCEDURES OF ENPAL B.V.**

Under the Servicing Agreement, the Purchased Receivables are to be administered together with all other receivables of Enpal Group. The Customer will not be notified of the fact that the receivables from their contracts have been assigned to the Issuer, except under special circumstances.

The normal business procedures of Enpal Group, to the extent they relate to the Purchased Receivables, currently include the following;

4. **UNDERWRITING PROCESS**

Enpal Group's underwriting process ensures that only eligible customers enter into installment purchase contracts for solar systems and related components. For avoidance of doubt, both Enpal Heat GmbH and EFS Deutschland GmbH follow the same process. This process is structured to verify a customer's financial capability and compliance with certain requirements, particularly focusing on property ownership, creditworthiness, and documentation.

- **Property Ownership:** At least one person listed on the contract must be a registered owner of the property where the solar system is to be installed. In special cases, such as joint ownership by civil law partnerships (GbR), the property having recently been purchased or inherited, additional documentation (e.g., notarized purchase contracts, certificate of inheritance, etc.) must be provided.
- **SCHUFA Credit Check:** The underwriting process requires a SCHUFA credit score check for all contract partners. A SCHUFA score from A to H is acceptable, while scores from I to P are not. For contracts with two partners, one partner must have a SCHUFA score in the acceptable range, and the other may have a lower score (I to M) for approval. If both partners have scores in the unacceptable range (I to P), the application will be rejected.
- **Sanctions and Compliance Checks:** Enpal Group also conducts sanctions checks on contract partners using SCHUFA and other databases to ensure compliance with international sanctions regulations. This is to confirm that none of the contract partners are subject to sanctions, including restrictions related to politically exposed persons or terrorist and embargo lists.
- **Document Verification:** All documents, including land register excerpts, notary contracts, and identification, must be up-to-date and if necessary, properly stored in Enpal Group's systems (Salesforce, Sharepoint, IDNow). Documents that are out of date or missing will result in the application being flagged for clarification or rejection.

By adhering to these underwriting guidelines, Enpal Group ensures that its customers are capable of fulfilling their financial obligations, thereby reducing the risk of non-payment and securing the financial sustainability of its business.

Ahead of refinancing any assets, Enpal's Asset Management team double-checks the installation quality for all assets via standardized installation protocols that have to be submitted during the installation. Assets that don't pass the strict internal guidelines will not be passed on for refinancing. In addition, the client's documents are assessed once more to be correct and complete and are prepared for submission to Enpal Group's financing partners.

5. COLLECTIONS PROCESS

Enpal Group's collections process is designed to ensure that overdue payments are handled efficiently and in accordance with the relevant legal frameworks. For avoidance of doubt, both Enpal Heat GmbH and EFS Deutschland GmbH follow the same process. The process is divided into regular collections for typical overdue accounts and special collections for accounts that require additional attention due to insolvency, disputes, or customer hardship.

- (r) **Regular Collection Process:** Enpal Group categorises customers as low-risk or high-risk based on the ticket size and their SCHUFA credit score at the time of origination. The collections process is structured into four dunning stages, which cover different intervals of overdue payments:
 - (i) **Dunning Stage 0:** Customers receive a friendly reminder after 6 days past due entering the dunning process (stage 0 covers days 1–20 in the dunning process);
 - (ii) **Dunning Stage 1-3:** At each stage (21–30, 31–40 and 41–60 days in the dunning process), more frequent reminders are sent, including phone calls for higher outstanding amounts (in stages 1–3, at least two call attempts per stage; for high-risk customers, additional channels such as post/SMS are used);
 - (iii) **External Collection:** After 61 days past due (EFS after 48 days past due): the Early Collections dunning process ends at 61 days past due and, if no payment has been received, the case may be handed over to an external collection agency for further action.
- (s) **Special Collection Process:** Accounts that cannot be handled through regular collections due to special circumstances, such as insolvency, disputes, or the customer's financial hardship, are referred to the Special Collection Workflow. This process involves:
 - (i) **Forbearance Measures:** Customers who demonstrate financial hardship may be eligible for forbearance measures such as payment holidays (up to 6 months), curing, repayment plans (up to 12 months), or restructuring of the total outstanding amount;
 - (ii) **Insolvency Management:** For customers undergoing insolvency proceedings, Enpal Group stops the regular collection strategy and works with the insolvency administrator to register claims according to legal procedures;
 - (iii) **Dispute Resolution:** Disputed cases are handled through a dedicated dispute management process, where the collections manager assigns the case to the relevant department and follows up if the dispute remains unresolved;
 - (iv) **Deceased Handling:** When Enpal Group is informed of a customer's death, the collections department follows a dedicated procedure. This includes collecting necessary documentation, such as the death certificate and certificate of inheritance, and forwarding this information to the Contracts Department. The Contracts Department then reviews the case and processes it according to company policy, ensuring that all actions are in line with the contractual and legal requirements.

- (t) **Termination:** If all collection efforts fail, Enpal Group reserves the right to terminate the contract. The process involves sending out termination notices. After termination, the outstanding amounts are calculated, and the customer is liable for any remaining payments under the contract.

The collection process is strictly governed by the civil code (BGB) and the customer agreements. Enpal Group maintains a fair and customer-friendly approach, ensuring that all actions comply with the company's ethical standards and legal obligations.

TAXATION

This section sets out a summary of certain taxation considerations relating to the Notes

Potential investors should note that the tax legislation of the Noteholders' member state and of the relevant Issuer's country of incorporation may have an impact on the income received from the Notes. All prospective Noteholders should seek independent advice as to their tax position.

GENERAL INFORMATION ON TAX WITHHOLDINGS (INCLUDING WITHHOLDING TAX/CAPITAL GAINS TAX) FOR PAYMENTS UNDER THE NOTES

As described in the Conditions, all payments of principal and any interest are effected less any legally owed withholding tax (including withholding taxes/capital gains tax or flat rate tax, including any surcharges and church taxes), and without payment of additional amounts pursuant to Condition 12 of the Terms and Conditions of the Notes.

SPECIFIC INFORMATION ON FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code, commonly known as FATCA, a 30% withholding tax will be imposed on certain payments to certain non-U.S. financial institutions that fail to comply with information reporting requirements or certification requirements in respect of their direct and indirect United States shareholders and/or United States accountholders and on certain payments made by non- U.S. financial institutions. The United States of America has entered into an intergovernmental agreement regarding the implementation of FATCA with Luxembourg (the "**Luxembourg IGA**"). Under the Luxembourg IGA, as currently drafted, a financial institution that is treated as resident in Luxembourg and that complies with the requirements of the Luxembourg IGA will not be subject to FATCA withholding on payments it receives and will not be required to withhold on payments of non-U.S. source income. As a result, the Issuer does not expect payments made on or with respect to the Securities to be subject to withholding under FATCA. Account holders and investors are obliged however to report certain information to the Issuer and the Issuer is obliged to report this information with respect to its account holders and investors to the public authorities of the home country for forwarding to the U.S. Internal Revenue Service (the "**IRS**"). Significant aspects of when and how FATCA will apply remain unclear, and no assurance can be given that withholding under FATCA will not become relevant with respect to payments made on or with respect to the Securities in the future.

Potential investors should consult their own tax advisors regarding the potential impact of FATCA.

Selling Restrictions

General

All applicable laws and regulations must be observed in any jurisdiction in which the Offered Notes may be offered, sold or delivered, to the best of the Joint Lead Managers' knowledge and belief. Each of the Joint Lead Managers has agreed that it will not, directly or indirectly offer, sell or deliver any of the Notes or distribute the Prospectus or any other offering material relating to the Offered Notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and regulations thereof, to the best of such Joint Lead Manager's knowledge and belief and it will not impose any obligations on the Issuer except as set out in the Subscription Agreement.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, "U.S. person" means any of the following:

2. Further under the Subscription Agreement, each of the Joint Lead Managers has represented and agreed that:
- (a) except to the extent permitted under the TEFRA D Rules, (i) it has not offered or sold, and during the restricted period will not offer or sell, directly or indirectly, Offered Notes in bearer form to a person who is within the United States or its possessions or to a United States person, and (ii) it has not delivered and will not deliver, directly or indirectly, within the United States or its possessions definitive Offered Notes in bearer form that are sold during the restricted period; (ii) it has not delivered and will not deliver in definitive form within the United States or its possessions any Offered Notes sold during the restricted period;

 - (d) with respect to each that acquires from it Offered Notes in bearer for the purpose of offering or selling such Offered Notes during the restricted period, such Joint Lead Manager repeats and confirms for the benefit of the Issuer the representations and agreements contained in sub-clauses (a), (b) and (c) above; and
 - (e) it will obtain for the benefit of the Issuer the representations and agreements contained in sub-clauses (a) - (d), above from any person other than its affiliate with whom it enters into a written contract, as defined in United States Treasury Regulation section 1.163-5(c)(2)(i)(D)(4) (or substantially identical successor provisions) for the offer and sale during the restricted period of Notes.

Terms used in this clause 2 have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the TEFRA D Rules.
